# Who We Are and What We Stand For

We are Habs, a strong, happy and supportive community committed to the pursuit of excellence in education. We trace our roots back to the 17th Century. Our founder, Robert Aske, established the principles that guide us to this day. We give talented and ambitious young people the opportunities they need to succeed in life.

Our academic performance speaks for itself, but we know that great exam results are just the beginning. A Habs education prepares young people for fulfilment in a world that demands flexibility, creativity, resilience and critical thought. Habs Boys and Girls step into that world with confidence, ready to shape the future and open to a lifetime of new experiences.

Our horizons are wide. We are a diverse community and we nurture a global perspective and a deep sense of responsibility for the world in which our pupils will lead and succeed. Our broad curriculum and co-curricular provision prepares pupils for success wherever their passion may take them.

We work together, offering the best of single-sex education in a co-educational environment. Habs will always be the best place to learn and the best place to teach and work. When you join the Habs family, you will be part of our community long after your schooldays are over.

# Our Future

At Habs we are constantly looking for opportunities to reach new heights in providing for our pupils' changing needs. In 2016, the completion of the Medburn Centre enhanced our already excellent sports facilities, helping to ensure that every pupil can pursue his fitness goals.

In July 2018, the Preparatory School stepped into the future with a new two-storey extension, library, art and DT studios, and renovations to all existing spaces such as classrooms and administrative areas. The School is committed to providing outstanding education.

The next exciting phase of development on campus will be a state-of-the-art academic hub in the Senior School. It will offer innovative accommodation for English, Maths, Modern Languages, Economics and Theology and Philosophy, as well as a sensational new Drama Studio.

Our plans don't stop here. The evolution of Habs is a continuing journey to excellence.
