TEACHER TESTIMONIALS

"Initially, when anxiously searching for a teaching job overseas (for the very first time), it was the vibrant and welcoming appearance of the building itself that drew my attention to DBSJP. After some more 'digging' and researching, it quickly became apparent that JP was the perfect fit for my first teaching job in Dubai; the Curriculum and the high standards and expectations established created a very like-for-like situation to my job role in the UK. However, four years later, it is not the British curriculum, high standards and vibrant building that kept me here - it's much, much more!

The cohort of students are absolutely exceptional, and it is them who bring the real vibrancy to this school. It's the sense of community; the dress up days; the National and International celebrations, and the buzz of the corridors with students, from all around the world, eager to learn and get involved. It is the feeling of not being far from home, when in reality, you are quite some distance! Ultimately, it's knowing that your Team becomes more than just your colleagues - they become your life-long friends, sharing this daunting and incredibly exciting experience together."

"Since the beginning, it was clear DBSJP was a family unit. From the enthusiastic and welcoming emails, to the organised and supportive HR team, I knew DBSJP was the school I was prepared to leave the UK for. After only one month, I was English Shadow Lead and after a year, I was appointed Primary Science Lead; ways to develop your skills are weekly and opportunities to progress are frequent. DBSJP is my first school abroad and I have never regretted it."

TEACHER TESTIMONIALS

"I have thoroughly enjoyed my first term at DBSJP. I feel valued, respected and challenged by my colleagues and have been given several professional development opportunities. The leadership team continuously consider staff wellbeing and advocate a healthy work life balance. There is a wonderful diversity in my class and the children are engaged, enthusiastic learners with many achieving high academic standards. Moving to Dubai was daunting at first, but it is a decision I have not once regretted in the years I have been here. Living in Dubai has enriched my life in many ways, and I highly recommend taking the plunge if you are considering it."

"An international school has to offer more than your typical school. It has to! Most of us are expatriates and are here either alone or are living within smaller support bubbles. I find that DBSJP is more than a school or workplace - it is a community and for many an extended family. Schools too freely use the current trending words such as 'staff wellbeing', 'supportive environment' and include their school values in adverts but you will never know to what extent these are embedded until after you have taken that leap of faith. What I enjoy about DBSJP is that these are not just buzz words which are spoken of lightly. There is an incredible team of people here who drive initiatives forward with passion so they become part of everyday life. We live by our core values (Enjoy, Aspire & Achieve) whether you are a student, teacher or a parent - the values apply to absolutely everyone."

DBSJP - a tāaleem school

Taaleem, formerly known as Beacon Education, is a school management company set up in 2003 to develop and run high quality education projects.

The founding partners identified two distinct gaps in the market: the need for more top-quality schools to cater for the growing population and the desire of the many investors to plough their funds into ventures that will help to secure the long-term success of the region. Taaleem was founded to fill these gaps.

Our Focus is first and foremost on education and students. The comprehensive and holistic approach we employ means that we place as much emphasis on the emotional, social, moral and physical development of our students as on the academic.

Our Purpose is to inspire young minds and help our students to identify and develop their passions and talents. To achieve this, Taaleem will provide children with the skills and knowledge to compete on a level playing field with students from the world's top schools.

Our Vision is to be the most respected provider of early childhood, primary and secondary education in the Gulf.

Our Mission is to inspire our students and staff to explore, identify and develop their passions and talents.

The UAE is home to a rich and diverse population of expatriates from all around the world. It is a true fusion of eastern and western cultures, with minimal culture shock for those pursuing their first international venture. With virtually no language barrier, tax-free income, year-round sunshine, and endless travel opportunities, it is easy to see how the UAE's popularity has soared with young professionals and families alike. One of the safest and happiest countries in the world to live in, the UAE also offers its residents an exciting array of excursions and activities throughout its seven Emirates.

Whether it is water sports or deep-sea diving in the Arabian Gulf of Fujairah, hiking the Hajar mountains or zip-lining from the highest mountain peak in Ras Al Khaimah to the luxurious shopping malls or browsing the traditional souks for gold and spices in Dubai, to dune bashing adventures in Sharjah, the UAE truly has something for everyone.
