November 2019

Dear Candidate,

May we firstly thank you for your interest in a position with Nord Anglia Education at Compass International School Doha. As a prospective teacher for one of our campuses, we would like you to gain a flavour of our organisation, what makes us unique and what it is like to be part of our school. Nord Anglia Education is the world's leading premium international school's organisation with 66 schools spread over the globe. Attached to this pack is a letter from Nord Anglia Education which sets out the unique benefits that are available to staff at Compass International School Doha.

At our schools, we follow the Early Years Foundation Stage curriculum followed by the International Primary Curriculum, using the English National Curriculum for Maths and English from Years 1 to 6. In Key Stage 3, we follow the English National Curriculum followed by IGCSEs in Years 10 and 11. This leads to the prestigious IB Diploma Programme in Years 12 and 13. We are proud of our accreditation as an IBO World School having achieved this for our first cohort in 2014. Compass International School Doha was awarded accreditation for the International Primary Curriculum (IPC) in 2019, the first accredited school in the Middle East.

Our collaboration with The Julliard School in New York supports our Arts provision and our collaboration with Massachusetts Institute of technology (MIT) in the USA is helping us be creative in our work on STEAM subjects (Science, Technology, Engineering, Arts and Mathematics). The school has also has over 100 students and 20 staff involved in the Duke of Edinburgh's International Award

Our students come from a wide mix of backgrounds and cultures with over 1700 students representing more than 80 different nationalities across our family of schools in Doha. Many of our parents are expats working away from their home country, but we also educate a number of local students.

We encourage you to apply to the school for a suitable teaching position. Should you be successful, I am sure you will find the post professionally stimulating and very rewarding. Your time in Doha also promises to be personally enriching. We wish you the best of luck.

Kind regards,

Paul Holyome
Executive Principal
