

## **Graduate Assistant (Teaching and Extra-curricular)**

This is an exciting opportunity for a talented and energetic young professional to join the Founding Staff at Sardinia International School, in a purposeful, pupil-facing role. With the support of the Leadership Team and working alongside Class Teachers, Graduate Assistants will play a significant role in the establishment of a new international school and its community, located on the special island of Sardinia.

Our primary school will deliver a bilingual programme of the highest quality, based on the content of the Italian primary curriculum but delivered increasingly in English as the children's proficiency develops and supplemented by British and other international elements.

We will be offering a broad spectrum of extra-curricular activities, including a range of sports on our exceptional facilities, drama, music, art, coding and robotics.

Our Graduate Assistants will help the Class Teachers to deliver lessons in English and take a leading role in devising and delivering the extra-curricular programmes.

They must be able to communicate effectively with children and parents from a range of different countries and cultures.

*The ideal candidate will have:*

- A university degree in any subject, and the right to work in Italy
- The ability to teach Art, Drama, IT, Music or Sport would be an advantage
- An ambition to gain wide-ranging experience in working with children, within a collegiate school environment

*In addition, all teaching staff at Sardinia International School are expected to:*

- Participate appropriately in parent meetings and other events in the School's calendar
- Ensure that there is purposeful and structured planning for courses, lessons and activities

*Safer recruitment practices and pre-employment background checks will be undertaken before any appointment is confirmed.*
