Welcome to the ICS London

On behalf of myself, the senior leadership team, my colleagues, our students and our whole community, I would like to thank you for your interest.

Our mission is to provide an innovative approach to education, inspiring each and every student to discover their strengths within a community of future leaders.

We take pride in knowing each and every one of our students. Our warm and stimulating environment encourages all our students to discover their strengths. Our talented and highly motivated staff inspire students to be the best that they can be. By setting high expectations for learners, we expect them to develop into top candidates for entry into the best universities around the World.

As a parent myself, I understand how important choosing the right school for your child is. Education is the greatest gift we can give to our children, providing them with the right tools they need to succeed in life.

With over twenty years of experience in both the UK and international education sector, I am a passionate leader with a drive to develop outstanding schools. In the early part of my teaching career, I was seconded as an advisory teacher. After moving abroad, I eventually began working for Nord Anglia Education, first as Head of Primary for the British School of Guangzhou, and later as Principal for The British School of Beijing. Most recently, I was responsible for the establishment of a brand new international school in the heart of Lisbon, Portugal's capital city.

I hope my headteacher's welcome provides you with a sense of the type of international school we are and the values we represent. I look forward to you visiting the school so you can see first-hand the quality of education we provide, and our students' enthusiasm and passion for learning.

About ICS Secondary

ICS Secondary is a small, independent, co-educational, international school of around 100 students, ranging in age from 11-18, in the heart of Central London. The secondary campus is located in thriving Paddington (about a 10-minute walk from our primary campus) and caters to the international community as well as an increasing number of local families.

In 2019, we were ranked as the 11th best small independent school in the UK by The Daily Telegraph, based on A-level equivalent results.

Many of the students at ICS have relocated to London with their parents who will be working in embassies or in careers such as banking, human rights, entertainment, the military, fashion and sports or studying at one of the nearby universities. We are proud to say that students at ICS come from all types of families and a very wide variety of backgrounds, and countries such as Australia, China, the United States, Kuwait, Canada, Finland, Nigeria, Spain, Brazil, and Saudi Arabia. We are an inclusive school and it is essential that each and every student not only feels that they belong at ICS, but that they are able to experience happiness and success at school.

ICS Secondary is an IB (International Baccalaureate) World School and we follow the IB Middle Years Programme as well as the Diploma Programme. The IB's values of international mindedness, global citizenship, social responsibility, service, and respect are at our heart. Our school rules and expectations are based on the tenets of respect and acceptance. Whole school celebrations and activities are common place and, as a small school where all of the students and teachers know each other extremely well, relationships between students and teachers are a real feature of the ICS experience.

Student agency also lends itself to creating a safe atmosphere for students where they feel listened to and encouraged to speak up for themselves, others, and what they believe in.

Academic rigour is important to us, and our students go on to complete their studies at renowned universities across the UK and the world, including University of Oxford, King's College London, and the University of Bristol, as well as many more.

Our IB Diploma and MYP eAssessment results rank us well above average when compared to other similar schools in London and around the world. We are happy to be able to support students with mild to moderate learning differences through our outstanding special education programme.
