WELCOME

Head of School Message

First of all, I want to thank you for your interest in the Little Lions Nursery at Dwight School London. We are a dynamic, forward thinking and welcoming independent international school located in the heart of the North of London.

My name is Chris Beddows and I am the proud Head of School. As Head of School since January 2022, I am excited to lead Dwight into its latest chapter of excellence as a leading IB World School.

I aim to ensure that all community members, whether that be students, parents or our highly talented team of educators, are happy, healthy and safe because I know then that success, productivity and passion will organically follow.

We have an exciting opportunity for an outstanding, motivated and engaging Nursery Practitioner who can lead by example and has a willingness to innovate, to join our ambitious and dynamic team. An international outlook and experience of the IB programmes and international education is desirable. Dwight School London is a values driven organisation and the successful candidate will have to demonstrate an understanding of and a commitment to student-led, inquiry-based learning.

As a school that offers the International Baccalaureate (IB) programme, we strive to fulfil our mission to 'educate for a better world' and to ignite the Spark of Genius in everyone in our community. Our work as a collaborative and collegial school is rooted in the pillars of community, personalised learning and global vision. The positive ethos and atmosphere that exists in our school is evidenced through good relationships, intercultural understanding, supportive behaviour, respect and hard work.

We warmly welcome visits to the school as part of the application process and we hope that you are interested in working with us at Dwight School London.

Warm regards

Chris Beddows, Head of School

ABOUT DWIGHT SCHOOL

Igniting the Spark of Genius
in Every Child Since 1872

Dwight School London prepares young people to become leaders in the world. Our students thrive in a curriculum rooted in our three educational pillars. The first is personalised learning; the second, a commitment to community; the third, our global vision.

We are a part of the international family of Dwight Schools, closely linked with Dwight School New York, as well as Dwight School Seoul, Shanghai and Dubai and the online school Dwight Global. Being part of a global network offers countless benefits and opportunities. Travel and exchange programmes, cross-campus curricular and creative collaborations, online learning programs, international athletic competitions, staff development and global leadership conferences all foster the development of global citizens. Each Dwight School shares the same commitment to igniting the spark of genius in every child. No matter where in the world students attend Dwight, they are inspired to find their passions and receive the same high-quality IB education.

The Dwight School London community has a rich diversity of cultures, nationalities and experiences, with over 50 nationalities represented and over 40 languages spoken. We strive for a culture of excellence in all we do, with high aspirations for our students and our staff. Our philosophy is to build confident, compassionate young people who influence the future. We are committed to the IB philosophy of educating for a better, more peaceful world.

In the UK, we are one of just a handful of international schools able to offer all three educational programmes of the International Baccalaureate Organisation – the Primary Years programme (IBPYP), the Middle Years programme (IBMYP) and the prestigious IB Diploma programme (IBDP). With the recent addition of our Little Lions Nursery school, we now offer

an exceptional education for learners aged 2 through to age 18 and a compelling choice for families all around the world.

With Dwight, the arts, sports, wellbeing and learning beyond the classroom are all a core part of our curriculum. We have a diverse programme of trips and extra-curricular clubs, as well as a weekly Forest School. We have supported students to earn places at some of the world's most highly regarded universities.

Our commitment to learning beyond the classroom does not stop with our students. For our staff team, we prioritise professional and personal development, with wellbeing and innovation at the heart of our offer to our teaching, business and support staff.

The school's Quest programme, students receive personalised support through a differentiated approach either on a one-to-one basis or small group support from trained staff in skills such as reading, maths, writing and/or organisation. The aim of the Quest Programme is to teach students with different learning styles to function successfully and independently in an academically challenging, IB mainstream setting; it may also provide opportunities to be referred to specialist areas such as Speech and Language and Occupational Therapy as needed. The Quest Programme, with its specialists, is an integral part of the school community and is a resource for all teachers and parents.

We are proud of our status as an ISI 'Excellent' rated school, achieving excellence in all areas. We are also incredibly proud to have achieved the highest results for IB Diploma scores in London in 2022. For more information about our school, please take a look at our website: dwrightlondon.org
