Welcome

As partners in our community, our mission is to provide every child and young person with an enriching and inspiring educational experience, where they can thrive academically and socially, both now and in the future. By being 'Stronger Together' in our educational quality, our parent and community engagement, our investment in our people and our sustainability, we can meet our specific pledges to all of our children, communities and staff.

Our vision is to prepare every North Star Community Trust student for the changing world we live in. A world which is more global, more driven by technology, a world where anything is possible with the right preparation and attitude. That means providing a curriculum and learning experience that reflects the highest academic standards and inspires and enthuses pupils through its creativity and openness to the world around us.

Our children will be able to 'be the change they want to see in the world'. They will be resilient, optimistic, respectful, honest and well-rounded citizens, with a love of learning. At the same time, we are all also members of our communities, places where we find friendship, support and common endeavour. Being at the heart of our communities is a hallmark of North Star Community Trust.

We want our children and young people to have a sense of place, knowing the importance of 'giving back' and the value of community and togetherness to their everyday lives.

As a trust, we will foster a culture that respects diversity, safeguards the wellbeing of our children and recognises that we are stronger together than we are apart. In pursuing this vision, trustees, staff and governors will model it every day, knowing that each one of us plays a part in making it a reality for every child and young person.

I would like to wish you the best of luck with your application and should you require any further information please do not hesitate to contact the Trust.
