2019

Libertas per Cultum, Freedom through Education

Welcome

Dear Applicant,

Thank you for taking the time to find out more about Phoenix Academy. This pack is intended to give you information about the role of Teacher of Science, together with details of the Academy's vision and ethos and our aspirations.

A new position has emerged for a dynamic individual who thrives on the pace and excitement of London schools. You will share our passion for research and keep up to date with national and international debate. As a classroom teacher you will share responsibility for driving up outcomes and committing to the Phoenix Way.

You will share our firm belief in the importance of Science as an academic discipline and you will want to join a school that invests in its staff. We provide ample curriculum time for all year groups and build meeting times into your timetable allocation to ensure you have the time and space required to reflect on and improve your practice. We also believe in the importance of teacher expertise and have a determination to enable all our staff to engage in research and debate.

Future Academies, an ambitious family of seven academies, a Curriculum Centre and teacher training centre; (SCITT) is one of the country's leading academy trusts. It was established with the intention of improving the life chances of children through an education that is built on the importance of domain-specific knowledge, teachers who are experts in their subject, and an unwavering focus on raising aspirations for all.

At Phoenix we believe in the centrality of the curriculum to the school experience and are unapologetic about our focus on academic rigour. We want to build a reputation of achieving the highest standards for all our pupils. We are an inclusive community where all children are welcomed and challenged to be the very best they can be. We have a very clear and centrally-run behaviour system that ensures no lesson time is wasted and that teachers can focus on their core job.

This role represents a unique opportunity to join an Academy at the beginning of its improvement journey and help grow Phoenix into a beacon for state education. We know that the quality of an Academy cannot outstrip the quality of its teachers and so we place a primacy on teacher growth and development. Working for Phoenix you will receive high levels of support and coaching and be allowed to develop into a highly reflective and effective teacher and leader.

If you are obsessed about the importance of your subject and want to share that passion with as many young people as possible, then this is the job for you. We are serious about staff welfare and believe we have developed an approach that eradicates needless bureaucracy from the system and enable teachers to focus on their students. We have excellent facilities on our 9-acre site and all staff get free use of our leisure centre as well as free breakfast and free lunch every day.
