

THE BOLSOVER SCHOOL

Nothing but the best

Head of Business and ICT at The Bolsover School

The school are launching a new Business and ICT Faculty. Business and ICT are areas of the school that are becoming ever popular with students at Key Stage 4 and are an important part of the wider curriculum offering at The Bolsover School, thus enabling the school to offer a broad and balanced curriculum to all. It is important that our students can follow a pathway which is specific to their needs, allowing them to achieve their potential.

An exciting opportunity has arisen leading to the school seeking a dynamic and enthusiastic Business and ICT teacher to take on the new role of Head of Faculty and to lead this newly formed area, providing leadership and accountability in order to build on the popularity of these subjects within the school. This vacancy offers a tremendous opportunity for somebody wishing to take the next step in his or her career in moving into middle leadership. Similarly, it would appeal to someone looking for a new direction in his or her career. We can offer access to a wide range of CPD opportunities, both subject and leadership related and in a wider teaching and learning context.

The Business and ICT Faculty will consist of two full time teachers (including the successful applicant) and one part time teacher. The Business and ICT Faculty will become an excellent mix of staff who offer many years of experience, which would allow them to support effectively any new colleague. Schemes of work are established at all key stages, in all subject areas.

The school and this faculty area have fantastic facilities with all classrooms offering access to interactive whiteboards, visualizers, data projectors and a range of other ICT and teaching materials. The school has two dedicated ICT based classrooms with desktop computers, alongside large numbers of portable devices. The faculty will share a staff base with the Maths Faculty, which offers access to ICT facilities and workspace for lesson preparation and marking.

Mr M Hall,
Head of School
