Useful information for candidates

Learning Support Assistant

Welcome to our school...

At the British School of Vila-real we offer a uniquely British education in this region of Spain. Our school is genuinely international, with classes taught in English by native speakers throughout the entire school, teaching children from the ages of 2 to 18 years.

Our pupils follow the EYFS and the UK National Curriculum as they progress through from Nursery through to the Primary school. We also follow the International Primary Curriculum (IPC) adding a vital international dimension to our courses and outlook. Our pupils benefit from small class sizes, individual attention and a real family atmosphere which nurtures and encourages all our pupils. The happiness of our pupils is at the root of all that we do and is the key to our pupils' achievement.

The British School of Vila-real was founded in 1996. It is the only private co-educational British school in Castellón and provides education from Early Years to Sixth Form. The school is recognised by the Spanish Ministry of Education and the British Council in the United Kingdom. Our students obtain British and Spanish qualifications and this enables them to study at any European university. Some of our students also choose to continue their studies further afield and in recent years we have sent students to America on academic and sports scholarships.

The ethos at Laude British School of Vila-real is based on inspiring our students, equipping them with all the hard and soft skills they need to be great citizens. We nurture our children in a holistic, child-centred environment and we teach them according to their own individual needs.

We are fully committed to every child's personal development as a means to achieve academic and personal excellence. We engender values such as internationalism, citizenship and charity, within a supportive atmosphere, and we offer an extensive range of cultural, artistic and sporting activities which create vibrant opportunities for our children to enjoy.

A great place to work and learn...

At The British School of Vila-real we believe that our teaching team is our most valuable resource. We are focused upon attracting, selecting and developing the best from across the world. This is why we offer a competitive salary that goes beyond the national scale (*e/ convenio*) and which is reviewed regularly.

Our commitment to your personal development and the preparation of great lessons means that a standard teaching timetable is far less than in other schools in Spain (27 periods out of 35, representing 77% teaching time). We also provide supplementary non-contact time for those with additional responsibilities.

Beyond this, we offer all staff up to two free school places for your children (excluding some additional costs, such as school lunches and school uniform) and work with you to ensure that your move into the area goes smoothly. We offer the dedicated support of our Human Resources team to advise and support you through the administrative and personal arrangements that you and your family will need to undertake. We also offer free lunches and refreshments during the day. The school also provides other additional benefits, which we are happy to detail during the selection process.

We pride ourselves in offering new staff induction and settlement support, which stands out in the region and nationally.
