## Bangkok Patana School

### \* Information for Secondary Physical Education Teacher (August 2019) \*

#### Mission

Our mission is to ensure that students of different nationalities grow to their full potential as independent learners in a caring British international community.

#### Vision

We develop Global citizens who shape their world through independence, empathy, creativity, and critical thinking.

#### Values

##### Well-being

##### We are

Protected, safe and secure  
 Motivated and engaged  
 Responsible and honest  
 Kind and compassionate  
 Balanced and fulfilled

##### Learning

##### We are

Rigorous  
 Inquisitive and creative  
 Critical, reflective thinkers  
 Collaborative and confident communicators  
 Passionate, resourceful and resilient

##### Global Citizenship

##### We are

Committed to integrity  
 Active volunteers  
 Diverse and inclusive  
 Ethical and informed  
 Empowered by our Interculturalism  
 Inspired to improve global sustainability  
 Respectful contributors to digital and local communities

#### Student safeguarding and safe recruitment

Bangkok Patana School is committed to safeguarding and promoting the welfare of its students and expects all staff to share the same commitment.

As part of the recruitment process applicants must provide:

- The name and contact details of three referees. One referee should be the applicant's current or most recent employer. In addition to the written references, referees may be contacted to obtain a verbal reference.
- An up-to-date DBS Disclosure if from UK or police check.
- Documentation from universities and colleges verifying attendance and successful completion of courses undertaken.
- An up-to-date medical.

#### Secondary Physical Education Teacher (August 2019)

For August 2019, Bangkok Patana School has vacancies for Physical Education teachers in the Secondary School who are committed to achieving high academic standards and creating a stimulating and positive ethos, which is both student-centred and success orientated. The willingness to be an effective team player and work closely with parents is essential.

All Secondary School teachers are Subject Teachers. See job description [Subject Teacher](#)

The Subject teacher ensures the development of the students in their particular subject area. The subject teacher will work in a team alongside the Subject Leaders, Key Stage Leaders, and the Head of Faculty to plan and teach in their specialist area in accordance with the agreed schemes of learning and assessment policies for that faculty. They will work to ensure that an environment is created in which students will achieve the highest academic standards.

The Extra-Curricular Programme is considered a vital and integral component in the education of our student community. All Physical Education Teachers will be involved in this extensive programme coaching teams at various levels or providing physical education ECAs for our students.

#### Physical Education at Bangkok Patana School

##### Physical Education - Mission Statement:

*The Physical Education Faculty's aim is for all students to **engage in physical activities** and **develop a healthy lifestyle**. Students are given opportunities to continue to develop and learn a wide range of skills.*

Physical Education at Bangkok Patana School aims:

"To educate young people in and through the use of the body in a coordinated and progressive way and promote an appreciation of the many benefits of lifelong participation in physical activity. It will promote, at an age-appropriate (chronological and developmental) level, high standards of physical competence, relevant knowledge of the positive effects of exercise on the body and the development

of independence, responsibility, cooperation and leadership. It will link to the Extra Curricular Activity, Inter-House/Inter-Class, Sports and Outdoor Education programmes to encourage whole school participation in a range of healthy and challenging activities."

Physical Education at Bangkok Patana School is sub-divided into the Secondary and Primary Departments, being led by a Head of Faculty in the Secondary and a Head of Department in Primary, both of whom have specific responsibilities connected with the running of their area.

The curriculum at Bangkok Patana allows for a substantial amount of PE time each week. Students are currently timetabled to receive the following sessions: Foundation Stage - four 40 minute periods; Years 1 to 2 - three 40 minute periods; Years 3 to 6 - two 60 minute sessions; Years 7 to 9 - two 80 minute sessions; students in Years 10 and 11 - one 80 minute session; and Senior Studies students have an optional 80 minute afternoon session per week. The PE curriculum is guided by the National Curriculum for England and students are able to opt for GCSE in Physical Education in Years 10 and 11.

Sports facilities are the best in the region and include a new sports hall which houses three basketball / 8 volleyball / 14 badminton courts; two dance studios; conditioning gym; classrooms, offices etc. In addition, there are two extra covered sports areas providing three basketball volleyball courts, four drained and irrigated grass pitches, 12 tennis courts, three squash courts, three swimming pools (50M, 25M and learn to swim pool). These facilities are timetabled centrally on a 'whole school' basis, as are most other faculty resources.

All staff are expected to contribute fully in the professional development of the faculty by assisting with the production of schemes of work and assessment documentation and contributing to internally run INSET courses where required.

A strong commitment to the extensive extra-curricular activity (ECA) programme is required, including weekends. The two PE Leaders also assist the Assistant Principal Extra-curricular Activities and Sports to ensure that all Bangkok Patana sports teams have the appropriate training schedules, identified coaches and competitions. Recreational and competitive sessions are run after-school, in a wide range of sports including athletics (track and field), badminton, basketball, football, rugby, swimming, softball/T-ball, tennis and volleyball. Teams in four age groups play weekly matches against other Bangkok schools in the International Schools' Sports League (BISAC) and there are end-of-season tournaments for all sports. The school is also a member of two other organizations which provide sporting opportunities for students. The Federation of British International Schools in SEA (FOBISIA) organise large (three day) sporting events for both Primary and Secondary member schools and the South East Asian Students Activity Conference (SEASAC) provides an end-of-season tournament for Varsity (senior) teams. In addition, teams travel to events and tournaments throughout SE Asia and the region; these have recently included Malaysia, Brunei, Hong Kong, Singapore, Taipei, Indonesia and Australia.

Outdoor education is an integral part of the school programme and is taught within the PE curriculum throughout the Primary and Secondary Schools. There is the opportunity to become involved in a range of expeditions via the popular International Award section of the Duke of Edinburgh scheme and the annual school residential trips.
