GAP YEAR ASSISTANT

The White House Prep School, located between Balham and Clapham, is looking to recruit full-time Gap Year Assistants for the academic year 2025-26.

We are looking to recruit a team of gappers each of which must be an energetic individual who is positive, enthusiastic and keen to work with young children in our uniquely friendly and supportive atmosphere. We are looking for candidates who are able to work for 2 or 3 terms, term applicants. The prime focus of each is likely to be as follows:

- Sport. The focus is primarily on Football, Netball, Hockey, Tag Rugby, Cricket, Athletics and Tennis. A willingness and ability to be involved in swimming would be an asset but not essential.
- Supporting children in class with their learning. Strong levels of Maths and English are expected as you may be supporting the older children in Years 5 and 6. A broader interest is encouraged; we would like you to be interesting!
- Office based for some of the day/week so organisational skills and personal manner as well as the confidence and communication skills to work with phone calls, visitors, colleagues, parents and pupils.

The White House caters for children from 3-11 years of age, and we teach small classes of happy children in a beautiful Cubitt designed Victorian villa and a new building which opened in September 2022. We aim to bring out the best in each and every child. This is supported by maintaining a small and personal environment in which our small class sizes enable all staff, and especially Class Teachers, to provide personal support to every pupil. Every child feels valued from the moment they arrive to the time they leave, each has a very special part to play in the everyday life of the school. Sport is vigorous, academics are strong and purposeful; art, science and engineering are all dynamic and exciting. The children enjoy an enormous range of opportunities and create quite a few of their own! All our staff, including our gappers, contribute significantly and energetically to this wonderful experience.

The White House Prep School is committed to safeguarding and promoting the welfare of children and expects all staff to share the same commitment.
