The Health and Social Care department offers a simulated hospital ward on both sites, which will inform and support the students by using a realistic working environment. This provides the opportunity to understand the requirements of the sector and prepares them for work placement.

- Health and Social Care Level 2 NQF
- Health and Social Care Level 3 Extended • (Health and Social Care Pathway)

This is a bespoke course offering practical rotation placements within the Trust, alongside academic and clinical training with the College, Trust and University and have recently secured a contract to deliver 150 Apprenticeships with a regional healthcare provider.

Last year our students achieved exceptional results, putting our college amongst the top in the country. We achieved a 100% pass rate, 93% high grades and 43% Distinction Star grades resulting in a record number of our students progressing to university.
