

Dear prospective Subject Teacher of Drama at The Wren School!

Thank you for expressing interest in the Subject Teacher of Drama post at The Wren School, which is a new six form entry secondary Free School that opened to year 7 students in temporary accommodation in September 2015. Located in West Reading, the school is well situated, with easy access to the M4 and good rail links to London and nationally.

We are delighted that, in June 2018, in our first Ofsted inspection, we achieved a 'Good' rating. The report describes us as "a school that enables pupils to succeed". We are certainly demonstrating that we are 'a local school for the local community; we are a popular choice for local families. There are currently 584 students on role (168 in Year 7 and 8, 161 in Year 9 and 87 in Year 10). When full, we will have 1176 students in Years 7 – 13, with 168 students in each year group.

The senior leadership team (SLT) is made up of six people, i.e. myself, a deputy headteacher (teaching & learning and CPD), two assistant headteachers (pastoral and raising standards leaders) as well as our School Business Manager and headteacher's PA/personnel leader. From September 2018, we have increased our staff to more than 70, approximately 50 of whom are teachers and, therefore, as our oldest students start Year 10, we are confident in our ability to support NQTs and those who are at a relatively early stage in their careers. We are fully committed to the importance of staff wellbeing including continuing professional learning as is evidenced, for example by our staff engagement in action research, looking at strategies used elsewhere and trialling them to find out what works for our students.

We have just moved into our purpose-built accommodation, which has received universal acclaim from everyone who has visited. The science department has been provided with new specialist facilities which were built to our own specifications. There is a very large and well supplied prep room and mobile fume cupboards.

Performance is a friendly, vibrant and hardworking department, which encourages the uptake of one or more of the 11 different clubs students can attend. We hold regular concerts, competitions and a yearly production which a many of our students participate in.

Uptake for subjects offered within the department is good and students take pride in their performance work. Students enjoy using our facilities and can often be found in our lovely drama studio, rehearsing for all manner of projects.

We are looking for a well qualified teacher who not only inspires our students and promotes the uptake of Drama at GCSE and KS5, but is passionate about extra curricular work also. A working knowledge of the Educas GCSE specification would be an advantage.

We expect everyone who works at The Wren School to support and embrace our school vision and ethos, which is that:

'Each child, regardless of background, will receive a world-class education and be nurtured, challenged and inspired to aim high'.

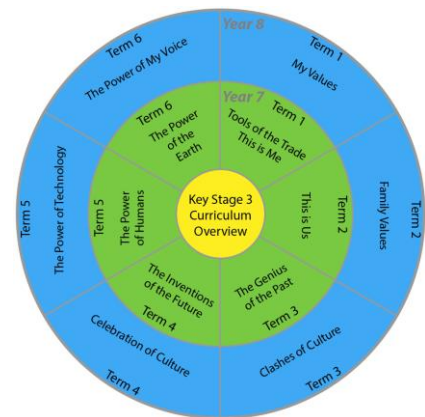

The Wren School develops this statement under the following five headings:

1. Each child an individual

Children only get one chance at education – and it should be an outstanding one, tailored to their needs. We are committed to providing an inclusive ethos where each student is enabled to thrive and achieve. The Wren School wants to be recognised for its personalisation of learning, ensuring that students feel safe and confident. This process commences before our students take up a place at The Wren School as part of a comprehensive transition programme. The role of the form leader is paramount and is supported by the structure of the school week which includes a weekly SMSC lesson and a daily reflection time.

2. Innovative curriculum and teaching

We provide a broad and relevant thematic, skills-based curriculum at Key Stage 3 (Years 7 and 8) that promotes each individual's passage to becoming an active and engaged citizen. We want The Wren students to be challenged by our engaging and exciting curriculum and to make exceptional progress. Consequently, our students will be equipped to make career choices that enable them to realise their ambitions and achieve economic wellbeing. Year 9 is seen as a transition to GCSE year, where students commence their GCSE studies in the core subjects and sample a Key Stage 4 taster module of each of the optional subjects.

We aim to employ innovative and effective teaching strategies that derive from best practice. There is a strong emphasis on enquiry-based learning that develops skills within a real context, teaching students how to think, not what to think. This action research is embedded across the school and is designed to ensure that we attract and retain the best teachers and support staff.

3. Working together with parents and carers

Listening to, and engaging with, our students' voices forms the backbone of our school development plans. We want to work with parents and carers to support our children during their teenage years so that together we ensure they fulfil their academic aspirations and develop a good character.

The Wren School offers wrap-around care through an extended school day that all staff are expected to contribute to, so that learning can continue beyond the classroom. There is a wide variety of extra-curricular activities and trips to choose from.

4. State of the art buildings and resources

From the outset, The Wren Team envisaged an exceptional secondary school, with a modern, attractive environment that encourages and facilitates learning. From September 2018 we have been housed in a brand new permanent school equipped with high quality resources that enhance learning. Our new accommodation includes a Sport-England compliant sports hall with a floodlit 4G artificial pitch and multi-use games area.

5. A school at the heart of the community

The Wren School aims to inspire and challenge students to nurture high expectations and aspirations for themselves and respect for the citizens of our local, national and international communities. We intend The Wren School to make a positive contribution through its involvement with the local community and society as a whole, establishing a modern, multi-cultural, community-based school, in a global context.

Our website (www.wrenschool.org) gives you further information about opportunities to be part of this amazing school at this early stage of our development.

Interested in joining our team?

If you would like to have an informal chat about the role, the School or the community, please give me a call (0118 959 1868) or send me an email (headteacher@wrenschool.org).

If you believe that you have the passion and determination to help shape the future of this exciting new school, please complete the application form (including supporting statement) indicating (in the section entitled Post title) the role you wish to be considered for. Please also return the equal opportunities monitoring form. Internal applicants should complete a letter of application but all other previous paperwork will be brought forward to this application. Completed documents should be either emailed to recruitment@wrenschool.org or sent to me at the address above.

We have an absolute commitment to safeguarding and promoting the welfare of children. Current and/or previous employers will be contacted through references as part of the verification process and pre-appointment checks. All successful applicants will be required to undertake a criminal record check (DBS).

I look forward to receiving your application.

Yours sincerely

Jo Broadhead
Headteacher
