

NORTH LONDON COLLEGIATE SCHOOL DUBAI

seeks a

HEAD OF CHEMISTRY

Effective August 2019

THE UK SCHOOL

North London Collegiate School (UK) was founded in 1850 by Frances Mary Buss in order to offer an academically ambitious education to girls, similar to that available to their brothers. The School has pioneered women's education for over 160 years and remains among the highest achieving schools in the UK. Exam results consistently top the UK league tables and the School has repeatedly outperformed other prestigious schools in terms of Oxbridge success rates. The Sutton Trust has rated NLCS as first in the UK for success in placing students at competitive universities and NLCS is one of only two schools to have been twice named by the *Sunday Times* as 'Independent School of the Year', which described it as 'Possibly the best advertisement for girls-only education in the country'.

In 2011, North London opened its first international 'branch' school in South Korea – NLCS Jeju. Working with an agency of the South Korean government, the school was the first of a number of international schools to be built as part of an ambitious project to transform the island of Jeju into a global 'hub'. The School opened with over 400 pupils and, now entering its sixth year of operation, has nearly 1200 on the roll. When at capacity, the school will cater for 1400 boys and girls. NLCS Jeju offers the IB Diploma to all students in the Sixth Form and in its first year of results (after just three years of operation) achieved an average Diploma points score of 36 points per pupil, to rival top-performing jurisdictions such as Singapore. In its second year of Diploma results (and fourth year of operation), students achieved an average Diploma points score of 37 and in its third year of Diploma results (2016), students achieved an average Diploma points score of 38.

THE DUBAI SCHOOL

We aim to be the top-performing IB World School in the UAE, supporting the aspirations and abilities of all students; as a result, they and their families will choose to stay in Dubai throughout their Primary and Secondary schooling.

North London Collegiate School Dubai offers an academically ambitious education in keeping with the aspirational ethos of NLCS (UK), and the same impressive range of extra-curricular activities, to foster well-rounded individuals who are capable of becoming leaders. The School is a coeducational day school for pupils aged 3-18 years, situated within the prestigious Hartland development in Dubai. The School was built and is funded by our partners in the project, a leading Indian property development company, Sobha.

While ensuring academic excellence and intellectual challenge, NLCS Dubai is equally concerned with supporting the development of the whole person and aims to inspire confidence, individuality and self-esteem.

NLCS Dubai is an English-speaking school, is currently a candidate school for the Middle Years and Primary Years International Baccalaureate Programmes, and is an authorised school for the IB Diploma programme.

A number of lessons per week are devoted to the teaching of the Arabic language, UAE Social Studies and Islamic Education, which are compulsory for all students up to the age of 16, although more lessons are required for students of Arabic descent than for others. (Islamic Education is compulsory for Muslim students only.)

Unlike many UK independent schools, NLCS has a firm commitment to ensuring close links with its overseas 'branch' schools. Every effort is made to replicate the ethos and standards of NLCS overseas. Wherever possible, staff for overseas schools are interviewed in London and always by NLCS (UK) staff, as well as staff from our overseas schools. All teachers, once appointed, are expected to travel to London for induction and training at the UK school and this is generously funded by our partners. Once an overseas branch is open, it is regularly monitored and inspected by the UK school, and close links are formed through pupil and staff exchanges, joint departmental projects, educational visits and extra-curricular activities, such as video-conference debates and jointly-produced student publications.

As the NLCS family of schools expands (with two further overseas schools opening in Singapore and Bangkok in 2020), it is hoped that partnership activities will expand so that each school in the group develops links with the others. We also hope to see staff join the group in order to build their career with us and benefit from the many professional development and career-progression opportunities, which a group of world-class schools such as ours can offer.

THE ETHOS

The ethos of NLCS Dubai echoes that of NLCS (UK) – every effort is made to recreate the ethos of the UK 'parent' school, whilst taking into account and remaining sensitive to the local culture and context.

We provide a first-rate ambitious academic education for every child, which inspires a life-long love of learning and gives students the knowledge, attitudes and confidence to flourish.

At North London Collegiate schools, academic success is gained not through an emphasis on results but by creating an atmosphere of rigorous scholarship, where pupils are encouraged to study beyond the examination syllabus in order to develop their intellectual independence and love of their subjects. The pastoral well-being of students is of the utmost importance and good relationships are fostered between pupils and staff, as well as between the pupils themselves.

The extra-curricular life of NLCS schools is vibrant, both in academic and non-academic fields. Students participate in a wide range of subject-focussed clubs and societies, from weekly book groups to Debating Society, to 'Mad Scientists' to 'Human Rights Society' and 'Model United Nations'. In the UK School, over forty academic clubs and societies operate weekly meetings and events led by the Sixth Form, in order to give students every opportunity to develop their intellectual curiosity, independence of thought and genuine love of subject; there are a large number of student-produced academic journals which reflect the particular interests of these societies.

Non-academic activities also thrive as the School aims to create an environment in which the whole personality can grow. Extra-curricular Sport, Music and Drama are all of excellent quality and over seventy activities happen at lunch times and after school each day, with large numbers of students involved. In the UK, the School has produced sports players at national and regional level as well as nationally-recognised musicians, composers and actors. Since the opening of a state-of-the-art Performing Arts Centre in 2007, productions and concerts have benefited from this professional standard facility with over 40 performances a year in this venue alone.

This ethos and broad range of opportunities have already been effectively recreated at our first satellite school, NLCS Jeju, and are equally central to the offer at NLCS Dubai.

THE CURRICULUM

Our intention is that NLCS Dubai will be an “IB Continuum School” offering the IB Primary Years Programme (PYP) in the Junior School, Middle Years Programme (MYP) in Grades 6 to 10, and Diploma Programme in the Sixth Form. NLCS Dubai is presently an authorised IB Diploma school and a candidate school for the PYP and MYP. The curriculum reflects the academic ambition and aspirations of NLCS (UK), and schemes of work will broadly reflect the curriculum of NLCS (UK).

As mentioned above, an extensive extra-curricular programme of Sport, Music, Drama and other activities, which closely reflects that at NLCS (UK), are provided to enrich and broaden the education offered, developing the talents and confidence of students.

LIFE IN DUBAI

Dubai is a thriving international hub, where approximately 90% of the 8.4 million residents are expatriates living alongside the local Emiratis. The successful candidate will be sympathetic to and considerate of the culture of a Muslim country, in both their personal and professional life.

THE POSITION

NLCS Dubai is looking for a dynamic, well-qualified and committed **Head of Chemistry** with an outstanding track record of examination success and leadership, to teach at the School from August 2019. The appointee will lead and manage the teaching and learning within the Chemistry Department and lead a team of specialist teachers who will deliver lessons throughout the Senior School, in addition to IB Diploma in the Sixth Form.

The successful candidate will also ensure that the qualities of the IB Learner Profile and the core academic skills of research and inquiry are embedded within the curriculum. It is essential that the Head of Chemistry has the ability to communicate deep knowledge of and passion for the subject.

Previous experience of the IB Middle Years and/or the IB Diploma are an advantage; of prime importance is an ability to motivate and inspire students and lead staff in order to ensure that academic provision is consistently of the highest standard.

The appointee will manage all aspects of teaching and learning in the department, in keeping with the overall aims of the School. He / she will also be responsible for supporting members of the department in all appropriate ways, ensuring that they work together as a cohesive and collegiate team in effectively addressing the aims and priorities of the School.

The appointee will ensure that all members of the department offer support to the learning and pastoral needs of individual students, in keeping with the School's aims and values.

All members of staff are also expected to be involved in pastoral care within the School community, usually in the role of form tutor or co-tutor, and also to contribute to the extra-curricular life of the School.

QUALIFICATIONS & QUALITIES SOUGHT

Please see Person Specification

TERMS AND CONDITIONS

North London Collegiate School Dubai has its own salary scale: salary and benefits will be highly competitive and commensurate with the successful candidate's qualifications and experience.

LOCATION

This post will be based in Dubai.

TENURE OF APPOINTMENT

Three years.

PARTICULARS OF THE SEARCH

Applicants are invited to submit:

1. a letter of application, addressed to the Principal of NLCS Dubai, Mr Daniel Lewis
2. a fully completed application form - available from the school website www.nlcsdubai.ae

The application form should contain the name, email address, postal address and day-time telephone number of two referees who may be contacted with the candidate's permission; these should be direct supervisors or persons in senior positions of responsibility – not peers - who can validate the applicant's suitability for the role.

E-mail: recruitment@nlcsdubai.ae

The closing date for applications is 12.00pm (UAE time) on 15th February 2019.

It is anticipated that interviews will take place during the week beginning 17th February 2019.

All UAE based candidates will be invited to NLCS Dubai prior to interview.

Professional Qualifications

- Teaching qualification
- Bachelor Degree or higher in Chemistry
- Recent participation in continuing professional development

Professional Experience

- Experience of implementing a range of pedagogical techniques, with a track record of innovation in teaching and learning
- Proficient and experienced at teaching, ideally with experience of the IB Diploma and/or MYP, with an outstanding track record of examination success
- Recent experience of managing students from a variety of cultures
- Experience of developing and enhancing the practice of staff
- Experienced teaching to sixth form level
- Experience of developing a broad, balanced and academically ambitious curriculum
- A good knowledge of curriculum initiatives
- Talent for leadership by example and inspiration is essential: the successful candidate will have a strong classroom presence and be able to model excellence in the classroom

Personal Qualities and Skills

- Commitment to high standards and inclusive education Ability to inspire colleagues and pupils
- Commitment to issues of equity and working with culturally diverse families
- Commitment to raising the achievement and standards of pupils and staff
- Courage to introduce and manage change and innovation
- A good team player and team leader
- Able to work positively and effectively with students and parents, outside agencies and colleagues
- Exemplary communication skills in English, both verbal and written
- Excellent leadership skills
- Flexible, inclusive and pragmatic style
- High level interpersonal skills
- Confident and articulate in communicating with others
- Possess good organisational skills, manage time efficiently
- Ability to show good cultural understanding and differentiation between students from various backgrounds and ability
- Offer substantial commitment to extra-curricular activities
- Knowledge of additional languages would be an advantage

JOB DESCRIPTION

HEAD OF SCIENCE

North London Collegiate School Dubai

The Head of Chemistry will play an important role at NLCS Dubai. His/her principal duty will be to manage all aspects of teaching and learning in the Chemistry Department.

He /she should be an outstanding practitioner, who is prepared to lead by example, thus inspiring and enthusing the Department staff and all pupils.

The Head of Chemistry is responsible for the overall strategic direction of the Department. He/she ensures clear leadership of and a coherent ethos within the Department.

The core responsibilities include:

- fostering and supporting the School's ethos, values, rules and guidelines
- developing academic provision across the department which is consistently of the highest standard, leading to exceptional student achievement
- meeting regularly with the department to lead discussion and development
- oversight of the work of the teachers within the Chemistry Department
- overall responsibility for the organisation and development of school trips and of extra-curricular opportunities to support Chemistry provision, including liaison with the relevant school society committees
- responsibility for the administration of the Chemistry budget, and ordering of resources
- ensuring the effective use of resources to support teaching and learning (including the use of ICT) by all members of the department

The successful candidate will plan and perform at the highest level of professional academic and pastoral care, ensuring integration and alignment of subject-area curriculum and classroom instruction with the overarching, school-wide standards and curriculum framework.

The Head of Chemistry is responsible for the efficient running, development and performance of the department, supporting all members of the department in their responsibilities, and directing, as appropriate, the work of those colleagues to ensure successful and effective teaching and learning.

An ideal candidate will have extensive experience and success designing and implementing a dynamic and relevant curriculum for a variety of contexts, managing and coaching classroom teachers, and the use of data to improve teaching and therefore learning outcomes.

RESPONSIBILITIES OF THE POST

- Leadership and development of provision within the Department, including teaching and learning, schemes of work/units of inquiry, extra-curricular enrichment, and support for university applications
- Responsibility for the assessment, examination and homework policy across the Department to foster and support the School's ethos, values, rules and guidelines

- In conjunction with the Head of Faculty, lead, manage and evaluate all teaching staff within the Department, ensuring that they consistently maintain high levels of professionalism
- Assist in the recruitment, assessment and appointment of personnel
- Liaise with the Head of Faculty to guide the creation and implementation of effective, differentiated professional development opportunities
- Actively engage with the Head of Faculty and other colleagues in leading departmental self-review on a regular basis, to confidently review the quality of teaching and learning and identify strategic goals that will facilitate the creation of exceptional learning experiences for students
- Act upon the findings from self-review to maintain the highest quality of teaching and learning across the department
- Engage colleagues to discuss and evaluate their teaching, and the impact that it has on pupil learning
- Involve all colleagues in departmental development planning
- Discuss and employ strategies to engage all pupils
- Lead by example at all levels, including the delivery of academic extension and lessons to prepare students for university application in this academic area
- Ensure that all pupils are taught according to the agreed syllabuses and prepared accordingly for the relevant external examinations
- Encourage excellence 'beyond the classroom' for colleagues and pupils
- Co-ordinate links with relevant staff in the Junior School to ensure appropriate vertical articulation of academic provision
- Ensure that data is used effectively as a useful measure of progress, though never as a blunt instrument and always accompanied with a deep understanding of the pupils as individuals
- Working with the Head of Faculty, oversee the appraisal, professional welfare and training and development of members of the Department, especially new teachers and teachers new to the school
- Ensure members of the Department adhere to the Department Handbook with particular regard to the setting and marking of work and reporting procedures
- To bring to the attention of the Head of Faculty and/or Vice Principal (Curriculum) any difficulties which arise within the Department
- To hold regular meetings with colleagues to discuss departmental matters and to ensure that the Department takes a collegiate approach and works effectively as a team. Minutes of these meetings to be sent to the Vice Principal (Curriculum)
- Support colleagues in the drawing up of syllabuses/schemes/units of work; teaching materials within the Department; the Department handbook; display and the general appearance of the Department
- Ensure that colleagues within the Department use resources to support teaching and learning (including the use of ICT) effectively
- Working alongside the Head of Faculty, appraise colleagues annually in keeping with the School's appraisal policy
- Support colleagues in putting in place a programme of mutual lesson observation within the Department
- Drop-in to colleagues' lessons on a regular basis and carry out work scrutiny and pupil interviews
- In conjunction with the Head of Faculty, provide appropriate support for any colleague who is underperforming or who is struggling with any aspect of their teaching role
- Ensure that colleagues are setting appropriate differentiated teaching and homework tasks, and that high quality feedback is given in line with the department's marking policy
- Liaise with parents as appropriate
- Co-operate with other departments and faculties in trans-disciplinary activities and in promoting the horizontal articulation of the curriculum
- Keep up to date with educational developments and changes within the Department area

- Review examination results and other benchmark data within the Department and implement remedial action when necessary
- Ensure that base-line data is being used to monitor and improve performance of the Department and the pupils within it
- Present strategic analysis of examination results to the Principal and pedagogical leadership team, and discuss them as requested
- Communicate achievements and results in assemblies, end of term notes, website etc
- With the Head of Faculty, organise the induction and supervision of teachers new to the School and those joining the School on a temporary basis and review their work within the Department
- Monitor and track the progress of students , co-ordinate interventions where necessary and take appropriate action to ensure students achieve their best
- Encourage and organise activities and events associated with the subject (eg exhibitions, clubs, societies etc) and organise pupil participation in internal and external events and competitions, as appropriate
- Act in accordance with relevant legislation in the UAE and Dubai, as well as UK guidelines, particularly with regards to educational provision, health and safety initiatives and safeguarding and ensure that all students and staff maintain these standards

As with all posts, the Principal will reserve the right to vary the precise responsibilities should needs change and opportunities arise.
