

Role: Teacher of Science
Salary: MPS/UPS
Applications from ECT's welcome
Start date: September 2024
Permanent Contract
Hours of work: FT

Our aim at Heyford Park School is to provide the best possible education for all our students

Required for September 2024, a well-qualified, enthusiastic and dedicated teacher of Science to join our excellent department. Applications from all Science disciplines are encouraged. We offer the successful candidate a commitment to providing excellent professional development and support in developing their career. This could be a colleague new to the profession, looking to begin their career at a small school, who would be supported through our excellent ECT programme linked with Bartholomew School through our Academy Trust; equally, we would also be delighted to receive applications from more experienced teachers seeking new challenges.

This is an exciting opportunity to join a school which is flourishing, having joined the Eynsham Partnership Academy Trust (EPA) in 2020. In the summer of 2022, we achieved our best ever GCSE results, including a P8 score of +0.48. This academic year, we had an Ofsted inspection and achieved a "Good"; we are delighted that the strengths of our school were recognised and celebrated in the report. We are at an important part of our journey and a position at Heyford Park School will be both challenging and rewarding. We continue to work closely with Bartholomew School, judged by Ofsted to be Outstanding in both 2009 and 2013, and there are many opportunities for joint CPD and collaboration.

Science is successful at all Key Stages and is one of the School's lead departments with almost half of the students choosing Triple Science at GCSE. The subject is very popular, and students achieve whilst also enjoying excellent learning experiences. Although a small department there is a strong team approach within the staff in science and this is also evident in the approach of the staff in the school as a whole.

Heyford Park School is sited in the village of Upper Heyford, a short commute from Bicester, Banbury and Oxford, and serves the surrounding rural area.

If you would like to discuss this role further please contact Andrew Binnington Head Teacher, on 01869 232203 or email axbinnington@heyford.epatrust.org

Applications must be made using the **EPA Application Form** which should be submitted along with Equal Opportunities and Personal statements by email to recruitment@heyfordparkfreeschool.org – all forms can be found on our website under 'Staff Vacancies'.

Please note that we advise applying promptly as we reserve the right to close and interview if sufficient suitable applications have been received.

The Trust is committed to safeguarding and promoting the welfare of children and young people/vulnerable adults and expects all staff and volunteers to share this commitment. Successful candidates will be required to undertake and receive a satisfactory Disclosure & Barring Service check as well as attending safeguarding training as part of this role.
