

June 2025

Dear Candidate

Thank you for expressing an interest in the post of **Science Technician**. It gives me pleasure to provide details of an exciting post in a school that prides itself on delivering a rich range of opportunities for its students.

This is an opportunity to join a harmonious, forward thinking school with high expectations of its young people. Our values and 'World Ready, Career Ready' ethos are designed to challenge all of our young people to achieve excellence and to develop the knowledge, skills and character to succeed.

We have created an innovative, enjoyable and highly professional environment for students and staff and the school is making a real difference to the lives of our students. I am proud of the progress we have made as standards of achievement have continued to rise and am confident that we have appropriate strategies in place for further and sustained improvement.

Our facilities offer the opportunity to work in a pleasant, highly professional environment with state-of-the-art resources. These support the delivery of an exciting and dynamic curriculum across the key stages.

The diversity of the school community ensures that Bow is a vibrant and interesting place to work. We provide excellent support systems and structures for all staff and are committed to the professional development of all staff. The successful candidate will be entitled to a full training programme in line with school improvement priorities and personal appraisal targets.

As an employer we are committed to safeguarding and promoting the welfare of children. Enhanced DBS clearance is a statutory requirement for all positions.

This post requires a colleague with strong organisational skills and attention to detail; knowledge of laboratory safety protocols; excellent communication and team working skills and the ability to show initiative and accept guidance. A degree in Science is desirable. If you have the professional and personal qualities to be that person, I can promise you a real sense of achievement and first class development opportunities.

Applicants should complete an application form in full, explaining any gaps in employment (CVs are not acceptable), and write a concise statement of no more than two sides of A4, outlining how their achievements and experiences make them a suitable candidate for this post. The application and statement should be emailed to hr@bow-school.org.uk by **9.00am on Friday 13th June 2025**.
