## Founding Headmaster's Welcome

Thank you for your interest in Shrewsbury International School India. I hope that this document will encourage you to go ahead with an application that may lead to your joining us as one of our founding members of staff.

Having moved across to India in July, I have had the privilege of seeing the school's campus development from the ground up. The 150-acre site is truly awe-inspiring. The building works continue at pace, and we will soon be opening the campus up to visits by the families of potential pupils.

My recent move also means that I can attest to the warm welcome that awaits those who will be joining the school. I have been very well looked after since I arrived in Madhya Pradesh. As importantly, there is a keenness to make sure that everything needed to deliver a world-class whole-person education is in place, in good time. This includes a determination to ensure that founding members of staff have the infrastructure and support they need to make a smooth transition into their new roles.

Both Shrewsbury School and the sponsoring organization, Jagran Social Welfare Society (JSWS), are committed to ensuring that all pupils who join the Indian campus enjoy an authentic Shrewsbury education, provided at a school that has a genuine Indian identity. I too share this commitment. I am determined to ensure that we bring the Salopian Floreat to life here in Madhya Pradesh in a manner that reflects and celebrates the rich culture and diversity of India.

As I travel around India talking with families of potential pupils, there is a very evident appetite for the whole person education for which Shrewsbury is famed. The parents are very keen to see their sons and daughters join a community in which the individual is celebrated and encouraged to become the fullest and best version of her or himself. This bodes well as we work towards the school's inauguration in August 2025.

## About Shrewsbury International Schools

Shrewsbury International School India will be the fifth school in the Shrewsbury International School family, and the first that is fully residential. The Indian campus joins those already operating in Thailand, where there are two campuses in Bangkok, Hong Kong and Cambodia.

Shrewsbury's international schools have become recognised for the highest levels of academic achievement, excellence in sport, creative and performing arts, and the wide variety of co and extracurricular opportunities with which the Shrewsbury name is synonymous. Shrewsbury International School India will build on this reputation, and its offering of a full boarding education coupled with world class academic, co-curricular and sports facilities, makes it a unique addition to the Shrewsbury family.

## Shrewsbury International School India

Shrewsbury International School India will offer an exceptional, world-class education that prepares pupils to become global citizens. Embracing a holistic approach to education, one that recognises the uniqueness of each pupil, their talents, interests, and aspirations, the school aims to educate and enable each of them to flourish in life and to make a positive contribution beyond themselves. With its student-centred approach, state-of-the-art facilities, and a vibrant learning community, Shrewsbury International School India will provide a globally focused curriculum that combines academic rigour with a rich array of extracurricular activities.

## Academic Curriculum

The school offers a wide-ranging academic curriculum based on Cambridge International Education's Lower Secondary Programme, IGCSEs and A-Levels. Pupils joining the school will gain a confident understanding of core, central concepts and understand their application in a real-world context. Passionate subject specialists deliver their courses in a manner designed to 'teach for mastery', tailoring and differentiating their approach to meet the needs of their pupils as individual learners.

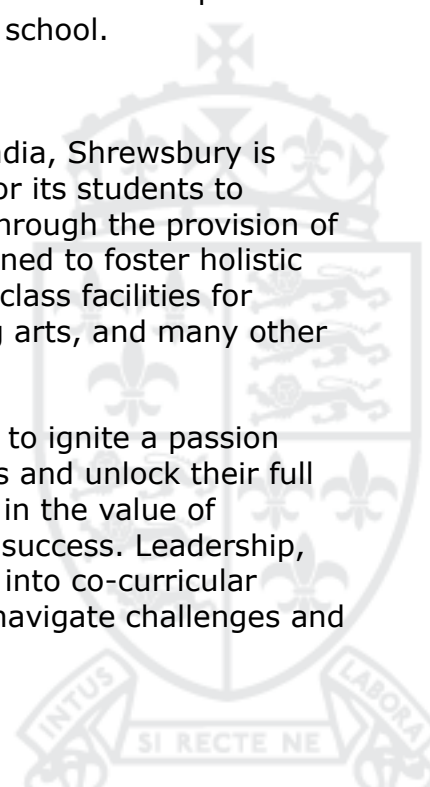

Cross-curricular thinking is encouraged, and departments work together to emphasise the transferability of skills between subjects. The academic curriculum is delivered as part of the whole person education for which Shrewsbury is famed; much is made of in-class opportunities to develop the skills, habits and attitudes needed to thrive in life beyond school.

## Beyond the Classroom

Aiming to be one of the leading international schools in India, Shrewsbury is committed to providing a diverse range of opportunities for its students to explore their interests and talents. This will be achieved through the provision of a comprehensive co- and extra - curricular program designed to foster holistic development, by making the most of the campus's world-class facilities for sports (including cricket, football, rowing), the performing arts, and many other activities.

Through the wide range of co-curricular offerings, we aim to ignite a passion within each student, helping them discover their strengths and unlock their full potential. Shrewsbury International School India believes in the value of developing essential "life skills" that are crucial for future success. Leadership, collaboration, resilience, and perseverance are integrated into co-curricular activities, providing students with the tools they need to navigate challenges and contribute meaningfully to wider society.

### Pastoral Care

Pupils will enjoy a firm foundation of support, advice, and friendship within Shrewsbury's gates. A friendly and respectful atmosphere between staff and students is recognised as playing a crucial part in establishing the character of Salopians and the School.

As a boarding school, the House system is at the heart of the school's approach to education. The boarding House is the pupil's centre of gravity; a real home away from home where pupils can relax and make friends, as well as work. There will be two boarding houses in the school's first year, one for girls and one for boys. The number of houses will grow as the school grows, with the expectation that there will be 10 or more houses, once the school reaches its capacity.

Each House will have a dedicated Housemaster or Housemistress, who is the 'go to' lead in ensuring each pupil's wellbeing whilst they are at Shrewsbury. Each house will also have two resident tutors and a matron.

### Authenticity and identity

One of the school's key priorities is to ensure that whilst it is offering a British curriculum it also develops a genuine Indian identity that draws upon the rich cultural diversity of India, and makes the most of its location at the very heart of that nation. The focus will be on ensuring that all the pupils who join the school will have an authentic Shrewsbury experience at a school that truly celebrates its Indian identity.
