In November 2018 the school was judged that it Requires Improvement by Ofsted. The monitoring visit in October 2019 identified key areas that the school needs to focus on. There are clear challenges for us as a school, but I am determined that we will overcome these to support all of our children to succeed. As headteacher, I am confident that with the right staff in place our journey to Outstanding is achievable within 5 years.

The school is committed to the professional development and well-being of all staff. We map-out a career path for each member of staff and tailor their CPD to suit this. We provide training so that you hone your skills and perfect your craft. We believe that if we invest properly in you, you will strive to obtain the best outcomes for our students.

Our facilities:

The school is located on a large, open site with extensive playing fields. The new main school building was opened in early 2018 and is a state of the art three storey building including a high specification Sixth Form provision, with a multi-purpose sports hall next to it. The new facilities and technology enable our staff to employ diverse, effective methods of education and administration and allow us collectively to perform at our best. Oak Wood is at the cutting edge of education in this country.

Our students:

As Headteacher, I'm extremely proud of our students. They are confident, articulate and thoughtful students who continually impress me with their talents and energy. We regularly celebrate the many and varied successes of individuals and groups and are proud of our inclusive approach. It goes without saying that we want every student who joins us to develop into a successful young adult, but we also want to empower them to determine what success looks like for themselves. What is right for one is not necessarily right for another. It is important that each child has the chance to forge their own pathway, both while they are with us and beyond.

What are we looking for in staff to work at Oak Wood:

We are looking for staff who are committed to our core values and vision, which are outlined in the application pack, their own professional learning and have high expectations of students in terms of their behaviour and attitude towards work. We are a uniform school and all staff are expected to actively support this policy. There is a staff dress code to which all staff adhere. The professional learning opportunities for staff in this school are outstanding. We have a dedicated Professional Development session each week which is led by members of staff at all levels. We have adopted Blue Sky to manage the Performance Management process.

What do staff say about working at Oak Wood:

"I've found the support of leadership, at all levels, superior to any of my previous schools."

"I am managed in a way that still allows me to be creative with my lessons, which makes the job more fulfilling and is also very rewarding when I can see students progressing as a result. Senior Management are open and encourage you to seek opportunities for progression."

“The staff room is a lovely place, buzzing with conversations about teaching and learning.”

“I enjoy working in such a diverse school where pupils and staff both embrace all cultures and religions. There is a real sense of community. We have wonderful pupils, many of them involved in charity and community work that the school arrange, promote and support.”

“The best thing about working here has to be the students. They make it exciting to come to work every day, and they genuinely appreciate the support we can offer. We have a real mix of students with a range of dreams and aspirations, and the school understands that and supports individuals to achieve success.”

If you believe in allowing students to Dream, Learn and Grow and want to help make that a reality for them and yourself, then we want to hear from you. When making an application to the school please look carefully at the Job Description and Person Specification before completing your application. Candidates who are called for interview will be expected to produce their examination certificates on the day of the interview.

I do hope that you decide to make an application. If you wish to speak to a member of staff about the post please don't hesitate to ring the school. Please ask to speak to the HR Officer Emma Shelford.

At Oak Wood we actively encourage and support the safeguarding and protection of all its pupils. This post is subject to an enhanced DBS disclosure.

I look forward to receiving your application.

Yours sincerely
