February 2018

Dear Applicant,

Thank you for expressing an interest in the post of Teacher of Art at The Gryphon School. Accompanying this letter is information about the School and the Department which we hope will provide you with everything you need to know to apply for the post. The School website gives further details about us, as does the accompanying document, 'Additional Information for Applicants'.

At The Gryphon School we have invested in a new model and culture for design in its broadest sense. We have a strong moral purpose to provide a broad curriculum which develops the interests and skills of all students as well as developing the next generation of artists, designers, inventors, entrepreneurs, problem-solvers, creators and industrialists. We want to encourage creativity, innovation and risk taking – design is about experimentation as well as precision and detail.

We are interested in all areas of expertise and specialisms but we want someone who has the passion to be involved in our broader vision creative design futures. We are following the GCSE Art and Design suite of courses and are doing the same at A Level. The KS3 curriculum provides for exciting and innovative experiences. This has proved very popular with students of all abilities. There are new design hubs with Macs building upon the excellent facilities for art and photography.

The successful applicant will have energy, enthusiasm and a love of Art as well as:

- a strong subject knowledge and passion for all aspects of the visual and tactile arts – painting, sculpture, photography, design etc
- a specialism in Art 3D and Photography
- personal enthusiasm to embrace and contribute to our new vision for design in its widest form, encouraging experimentation, creativity and exploration
- the ability to support, challenge and inspire our students, encouraging them to achieve the best they can through the promotion of outstanding teaching and learning
- excellent communication skills and the ability to celebrate and promote high quality teaching and learning
- the ability to be a team player who will go the extra mile to support students and who will enjoy the challenges of this role
- the desire to be immersed in the life of a busy and highly successful school.

This is a permanent post, commencing on 1 September 2018.

The Gryphon is a wonderful place to work and has a special atmosphere and feel. It became an academy in August 2012 to sustain the quality of our outstanding provision and is a founder member of the Sherborne Area Schools' Trust (SAST) a multi-academy trust established in June 2017. Since September 2017 we have been designated as a teaching school and are very excited about the opportunities that this new status will bring. In a recent national publication, The Real Schools Guide, The Gryphon was rated as one of only two schools in Dorset as 5 star; based on attainment, teaching, attendance and outcomes. The Good Schools Guide concludes that we are a 'Super much sought-after school at the very centre of its community taking on the Sherborne independents. Truly a model of comprehensive education at its best – a place for all comers, which children and parents set their heart on, so it bulges at the seams'.

We are an outward looking school with excellent community links as well as strong relationships with other good and outstanding schools across the South West and nationally.

We are a comprehensive school serving a diverse community. Our high quality support staff make a real difference to our students. Teaching is often outstanding, and consistently at least good across all subjects and key stages. Teachers are provided with the resources to make lessons stimulating and practical and have excellent subject knowledge. They make sure students are very clear about what is demanded of them and how to improve. The

School's very positive entry in the Good School Guide describes pastoral care and discipline as 'exceptional'. Students are reflective, behave with great courtesy, and are heavily involved in working with staff to improve the school and the welfare of others.

Our 2017 GCSE results were, once again, excellent against a national backdrop of tougher exams and significantly lower pass rates in many subjects. The proportion of students gaining 5 or more A*-C grades including English and Maths was 72%. At A level, there was a pass rate of 99%, with 78% of students achieving A*-C grades and 25% gaining an A* or A grade. Both academic and vocational result were equally impressive and students taking the EPQ (Extended Project Qualification) achieved fantastic results of 70% at A*-A grade.

In November 2016 our inspection as a Church School (SIAMS) judged us to be Outstanding. Our most recent Ofsted visit, in November 2017, was very positive and confirmed our status as a "good school" and we enclose a copy of their letter to me outlining our many strengths. Our focus for this year, which reflects our Church School status, is that we should be a "10:10" school; where students and staff experience life in all of its fullness. So for us education is more than just exam results – we place great value on the personal development of each student. We aim for them to leave school as well-rounded young people with a strong sense of what is socially, morally and culturally acceptable, and to feel that they have a contribution to make to the wider community. Digital learning is important at The Gryphon School including the use of mobile technology; we want our young people to use technology responsibly and to enhance their learning.

In summary, we are a true team with a great sense of pride in what we collectively achieve and we embrace the challenge for achievement to be even higher. Our special culture and ethos focuses on enabling students to be the best that they can, both personally and academically, supported by the tremendous work and care of all our staff. We continue to strive to be outstanding in all aspects of school life.

We are looking for someone with high expectations, a love of their subject, the ability to inspire and also laugh whilst enjoying the challenges of this role. You need to be a team player with the inner determination to develop continually, picking up the best ideas from around the world in education. In return, you will join a Department that is full of activity, rewarding and friendly. We have a great record for supporting and developing all of our staff through our own training and links with NCSL providers.

You are very welcome to visit us in advance of an application or to contact us to find out more.

Very best wishes,

N J Edwards

USEFUL INFORMATION

We have designed a provision that enables students to be passionate designers, creative, blue sky thinkers, open minded, multi-disciplinary, confident with different materials, thinking of unique problems and possible solutions, innovative and seeing the links to business. This is done through a package of experiences and courses which enable students to be successful and make outstanding progress.

The vision for the student experience in Creative Design Futures is based on the following:

Creativity and Ideas

- Exploration – nurturing and feeding creativity, exploring materials and processes, facilitating a personal response and developing ideas
- Experimentation – an iterative approach, where design failure is permitted and improvement is always possible; use of cardboard, foam etc to play with design
- Inspirations through artist/designer research – a historical perspective, a global feed, British design ethos
- Developing confidence - entering into national competition e.g. James Dyson Award - “Design something that solves a problem.”
- Personalising art and design for an individual or character

Critical understanding and evaluation

- Curiosity - lateral thinkers, practical thinkers, creative thinkers
- Understanding through experimentation
- The design process
- Critical observation, asking the right questions
- Appreciation of audience and purpose – an empathetic view
- Learning how to develop a critical and cynical understanding
- Design can be 1+1=3....*we may need to explain this to you?*
- Feasible Viable and Desirable - time resource management
- Virtually orientated students
- Making a difference - Extending human capacity, improving living and working spaces, promoting health and wellbeing...
- Commercialisation and beyond - opportunities for exploiting IP (Kickstarter/Indiegogo), to interact with business, to provide a community offering - ‘Maker Space’

Curriculum

The courses we offer are:
