

Exciting times ahead... 2019

Remaining true to our culture, ethos and DNA
Orchestrating even more opportunities for all students to perform for (and gain applause from) significant adults including industry professionals.

Our specialist studio school with a bespoke curriculum and pedagogy enables young people to undertake a **4-year transformational journey** from school student to young creative professional.

Brand new **performance and production arts industries curriculum pathways** and **live events collaborations**.

Recruiting new teachers and industry partners into our Music, Drama, Dance, Production Arts and Live Events staff team.

Recruiting a new curriculum leader and new teachers in mathematics.

We already have some of the best GCSE results in the sixth form – and we are investing in this subject to create one of the best maths staff teams anywhere!

Brand new **health, care and social sciences curriculum pathways** in Y10, Y11 and the sixth form.

Recruiting new teachers and industry partners in Health and Social Care into our growing Science and Social Sciences team.

DON'T QUIT

One of only 15 *trailblazer schools* in the country selected to launch the government's new **T-Level in Digital** curriculum pathways for technical vocational students aged 16+

Recruiting new teachers and industry partners in Digital Futures (including Apps Design and Development)

With students progressing onto top universities and into flagship employers our destinations are some of the best anywhere.

No student will feel either **too comfortable** or **too scared** to dream big and have high expectations!

Resourcing students to be resilient – adapting well to the challenges of life including adversity, trauma and stress.

Through hard-work and commitment (with high expectations and professional opportunities) students gain a **competitive advantage** when applying to university or interviewing for employment!
