

## Beacon Business Innovation Hub: Results Press Release

### Best ever results and four students off to university!

We are delighted to announce another year of improved outcomes at the Beacon Business Innovation Hub. Our results at Key Stage 4 and Key Stage 5 are well above national averages for other Alternative Providers and reinforce our principle of personalised learning and supporting learners to explore the curriculum from a variety of different starting points. At KS4 the percentage of students who achieved a good pass in English and maths combined has doubled from last year.

At Level 3, all but one course achieved a 100% A\* to C pass rate students and staff on the ICT, Health and Social Care and Business courses were thrilled at the results of the students such as Gabriel Buttimer who achieved an A grade at Level 3 Health and Social Care. We also had our first student complete an A full A-Level course with Daniella D-Urso achieving a B grade in Italian – she also achieved a B grade in GCSE Portuguese at the same time!

Vocational results were excellent with a 98% pass rate. Year 11 results also highlighted the great progress students can make at the School with 79% of student meeting or exceeding their expected grades. One of the stars this year was Kornelia Rackauskaite who achieved 6's in double Science, Maths, History and a 7 in English – as well as completing a Level 2 Health and Social care course with a Distinction!

#### Quote:

'Everyone at the Beacon Business Innovation Hub is extremely proud of all the students for the amazing results which have been achieved this year. The vast majority of our students make excellent progress during their time with us which is reflected in our best ever set of results. We are delighted that four of our students have achieved the required Level 3 grades to progress to university, we look forward to hearing of their future success.'
