Introductory Letter – from the Chief Executive Officer

Dear Applicant,

Thank you for expressing an interest in one of our newly established Director of Specialism roles at New College Durham Academies Trust.

This is an exciting time to join us – as we embark on a period of transformational change. As newly appointed Chief Executive Officer and alongside an enthusiastic, skilled and committed Trust Board, I will give my full support to the successful candidates.

First and foremost, these are rare opportunities to make a tangible impact on the future life chances of our students, irrespective of their background or starting point.

Consett Academy - received its last Ofsted Inspection in March 2020, moving us from a Good school to Requiring Improvement – with good judgements in behaviour and attitudes; personal development and sixth-form provision. It remains a popular over-subscribed academy and has the potential to be an outstanding educational provider.

North Durham Academy was last inspected in October 2018, moving us from Inadequate to Requiring Improvement. Since then, decisive action has been taken and a National Leader of Education has been appointed as Principal. The Senior Leadership Team has been strengthened and there is a drive to ensure consistently of good or better teaching in all subjects; as well as improving student progress with disadvantaged groups. During a period of rapid change, staff morale remains high and overall numbers are increasing.

The Trust are keen to expand the number of schools within the MAT as soon as possible. Consequently, because of the immediate impact the School Improvement Team will make, if successful, you will be instrumental in the senior leadership framework to allow this to happen.

We also have a clear mandate to grow our Sixth form, which is currently successful but relatively small. Again, you will help us to expand our offer, by ensuring we recruit and retain the best subject specialists.

We are all working towards one vision and that is to establish a high performing family of schools, founded on inclusive principles and high expectations. We place an unrelenting focus on school improvement where teaching and learning always comes first and students are at the forefront of any decision-making.

You will also be expected to promote opportunities for schools in the MAT to work closely together. For staff, this could be joint CPD, new initiatives and peer reviews and for students, joint ventures in enrichment opportunities.

If you believe you have what it takes to help shape our Trust to be an Employer of Choice and regional educational influencer, we would love to hear from you.

For interested candidates, I would encourage you to visit our fantastic campus to see for yourself the superb learning and working environment that we have. If you would like to arrange a visit or discuss my vision for the role, please email our HR Team at hr@ncdat.org.uk whereupon a mutually convenient date and time will be arranged.

Yours faithfully

Vision and Ethos

Our Academies are at the heart of their local communities and strive to deliver on our founding principles of **Inclusion**, **Progression** and **Excellence** which support a central vision of '**Students First**'.

The principle of **Inclusion** provides opportunities for students of all abilities, aspirations and backgrounds and involves staff, governors, students and the wider community in determining the direction of our Trust. Our curriculums are broad and challenging, with the academic success of students at the heart of what we do.

To encourage **Progression**, the Academy provides effective advice and guidance. This enables learners to make informed and appropriate decisions for future study and employment, encouraging them to take on new challenges and reach higher levels of achievement.

The focus on **Excellence** underpins all we do whether in learning areas, working in the community or governing and leading the Academy.

Safeguarding:

The Trust recognises that **safeguarding** our children and young people is core to all our activities, and we expect all staff, volunteers and wider stakeholders to share this commitment.

Our Aims are:

- To ensure our Academies are centres of excellence with a focus on the nurture and achievement of all their members;
- To promote mutual support, encouragement and benefit between our academies;
- To develop, as the core foundation of academic achievement, a strong culture of professional development amongst our staff;
- To celebrate and maintain the unique identity of communities we serve with each Academy at the heart of its community;
- To recognise and enable all those who often remain invisible, or are disadvantaged to achieve their full potential.

Contextual information and background

New College Durham Academies Trust was established in 2011 as a multi-academy trust with New College Durham as the lead sponsor and co-sponsor Durham County Council. The Trust currently operates two academies in North West Durham:

- North Durham Academy in Stanley opened in September 2011 and two years later moved into a new, purpose built £30 million campus.
- Consett Academy opened in January 2012 and in September 2015 moved into a new £45 million shared use campus with Consett Leisure Centre.

The facilities at both academies are state of the art and provide the very best environment for learning. Facilities are open to the community during out of school hours, hiring out all our sports areas and fully equipped theatres. The Trust pursues all opportunities for income generation.

The Trust is in a strong financial position and benefits significantly from the support of a central Corporate Services Team of highly qualified staff established by the Trust to support the two academies. The central teams work closely with external partners and advisers to provide services and to improve support to our Academies. Finance, HR, IT, Estates and Data processes and procedures are embedded and policies set out clear direction. Our finance procedures and practices have been recognized by the DfE as examples of good practice.

The Academies' Trust Board recognises that, based on Ofsted judgements and historical results, there is a clear need for improvement in the existing academies' academic performance. We recognise that, if the Trust is to have credibility and grow as an educational influencer, it needs to change and requires clear lines of leadership and a strategic school improvement model with a coherent and consistent vision.

Despite concerted efforts, these structures have yet to produce the rapid and sustained improvements to the quality of education which has impacted on the overall effectiveness of the academies. Following a recent review of the leadership structure and school improvement arrangements, the Trust has revised the MAT structure and appointed Mrs Linda Rodham as its inaugural Chief Executive Officer (CEO). Mrs Rodham has strategic leadership responsibilities across the Trust and a remit to build on the achievements and improvements already made.

This candidate information pack relates to the initial school improvement team, starting with the appointment of three Director of Specialisms, in Mathematics, MFL and Science.

North Durham Academy

The Academy is situated on the main High Street in Stanley, a former mining town which is continuously developing. The catchment area encompasses students from a wide range of backgrounds, some of which present a number of social challenges. The proportion of disadvantaged students who attend North Durham Academy and are supported by the pupil premium funding is well above the national average (60%). The proportion of students who have an EHCP is also above average.

Levels on entry range from the most able students to those where everyday school life presents regular challenges.

"I have worked at the academy for 6 years now in various roles, starting as an Associate Teacher of Music, then trainee teacher, NQT and working my way up to head of department. NDA has given me plenty of opportunities to develop my teaching practice, from personalised CPD sessions to my current role of 'aspiring leader' where I have been encouraged to gain leadership and management experience by creating and leading on my own whole school project. The staff at NDA are incredibly supportive and there's a real sense of 'teamwork' across the directorates. Working at NDA is a challenging but rewarding experience where you can certainly make a difference to the lives of the young people in our care".
