

Join Our Science Faculty as a Postgraduate Teaching Apprentice!

Start Date: September 2025 (you must be available to attend a one-day university induction day on 28 August 2025)

Salary: UQ1 -UQ6 Pay Scale (dependent on experience)

Are you passionate about science and eager to inspire the next generation of young minds? Are you looking to kickstart a rewarding career in education? The Gateway Academy is offering an exciting opportunity to train as a Science Teacher through our Postgraduate Teaching Apprenticeship starting in September 2025!

About the Role:

As a science teaching apprentice, you will:

- Gain hands-on classroom experience in a dynamic and supportive environment.
- Work closely with experienced teachers and mentors who will guide and support your development.
- Deliver engaging science lessons that spark curiosity and enthusiasm in students.
- Develop your teaching skills while earning a salary, on the unqualified teacher pay scale, with no tuition fees to pay.
- Progress toward gaining Qualified Teacher Status (QTS) with an option to also gain a Postgraduate Certificate in Education (PGCE).

What we are looking for:

- A passion for science and a desire to share that enthusiasm with young people.
- A 2:2 or higher degree in a relevant science subject (Biology, Chemistry, Physics, or related).
- Strong communication and organisational skills.
- A commitment to making a difference in the lives of our students.

Why choose us?

- We are a supportive and inclusive Academy environment with staff retention over 90%.
- We offer a tailored training programme designed to develop your teaching confidence and subject knowledge that is delivered through the University of Buckinghamshire.
- We want to give you an opportunity to work within a thriving science faculty with state-of-the-art facilities.
- We would like to offer you an opportunity to work in an exceptional Academy with staff retention, student and staff attendance and student academic achievements all above national average.
