# William Morris Sixth Form

**We were originally established in 1994 as the sixth form for pupils in the secondary schools in Hammersmith and Fulham, but we soon attracted students from all over London, who come to study on both academic and vocational pathways.**

William Morris is a vibrant, ambitious and creative learning community which inspires a drive to **learn**. Our recent Ofsted report where we were given a 'Good' judgement, highlighted the qualities of our staff who are knowledgeable and specialist in their fields, providing a wide range of skills. Consistent practice across subjects enables students to be taught key facts and skills which benefit their overall experience at William Morris. Quality of teaching was judged to have 'Outstanding' elements and we have high expectations that we will achieve an Outstanding judgement at our next inspection. Staff who join William Morris should come prepared to join our exciting journey as we improve and develop the Sixth Form and continue to invest in all of our students to give them the best learning experiences, opportunities and aspirations. We invest in our staff to give them the proper professional support, inspiration and career development.

Unashamedly comprehensive, through rigorous teaching, learning and assessment we ensure that no student is left behind and that every student has an equal opportunity to uncover and fulfil their potential and achieve. Our students are provided with the practical, critical and analytical skills that they can apply as they progress through life, together with a confidence and resilience that will enable them to succeed.

We **empower** our young people to aim high, to have a strong sense of their own self-worth and shared values, whilst also having a strong sense of the value of community both locally and globally and their potential to make a positive difference to the world around them.

The ethos we have established ensures the highest quality of education, guidance and relationships. The emphasis is on open access, equal value for all, individual attention, the development of independent learning skills, targeted support, high expectations and standards, improving progression routes, and finding the right balance between an adult environment and firm structures within which students can develop and succeed. The atmosphere is relaxed and warm but very purposeful. Students describe us as "friendly but strict" and our students are encouraged to address all staff by their first names. We focus on the WMSF experience for our students as being one where they learn, achieve and are empowered to progress.

**Our teachers and support staff are creative, dedicated and enthusiastic professionals who are experts in 16-19 education**

## The Curriculum Offer

Our wide curriculum includes both academic and vocational courses at levels 3, 2 and 1. Individual students' learning programmes enable combinations of subjects where appropriate. We have a large and exciting A level provision with nearly 30 different advanced subjects and are delighted at the number and calibre of our A level students. We offer some mixed economy pathways at level 3, and are currently in the process of becoming a T Level provider from 2023.

At levels 1 and 2, we offer Foundation Learning, BTEC courses and GCSEs to meet the needs of students who wish to improve their basic qualifications. This includes provision for students to re-sit English and Maths at GCSE. William Morris prides itself on tackling under-achievement and offering the opportunity to gain knowledge and skills to students who may have underperformed at secondary school for a number of reasons. The provision of courses for students with special educational needs, including students from special schools, is a particular strength, and we currently have 51 students with statements or EHC plans and over 100 students on K-SEN. We also offer ESOL teaching and literacy support for many students to ensure success on their courses.

Our teachers and support staff are creative, dedicated and enthusiastic professionals who are experts in 16-19 education

## Some of the ways we support our students

**An academic supervisor for each student who is responsible for monitoring overall progress, providing references for university and apprenticeships**

**A safeguarding team work to ensure every student is well-supported and cared for**

**Learning support help with academic development such as essay writing, revision, meeting deadlines and exam preparation**

**Counsellors offer a confidential counselling service, health education programme and advice service as well as a specialist welfare team**

## Teaching and Learning Strategies

The development of successful teaching and learning strategies for our very mixed group of students is at the heart of WMSF. There is an emphasis on staff developing and sharing good pedagogical practice so that students become independent learners and teaching and learning are of the highest quality. We have a well-equipped library staffed by 4 highly qualified professional librarians, and a newly created careers centre, again with 4 qualified staff. Progression is key to the future success of our students.

We have a very exciting CPD programme, delivered in curriculum area teams, course teams and leadership teams. In such an environment there are opportunities for teachers at all stages in their careers and we have always also welcomed those new to teaching (ECTs), who participate in a comprehensive induction programme. Each year we offer teaching placements to a number of PGCE students. All teachers, where appropriate, are expected to teach across our full range of courses and levels. This both counteracts narrow departmentalism and encourages parity of esteem for all courses and all students.

We have excellent IT facilities and a strong team of technical staff to support us. We use Google Classroom as our VLE and all staff and students are issued with a Chromebook so they have full access to all learning resources at all times, both on and off site

One of our main priorities is to support individual teachers in developing their IT skills and through the G-suite we are constantly innovating delivery and practice.

The vast majority of A level and vocational students are encouraged to apply for higher education. Although many of them are non-traditional entrants, approximately 80% of A2 & V2 students' progress to university each year including into the most prestigious institutions. We have also developed stronger support for students who apply for apprenticeships and are keen to raise our destination numbers in this area too. Our careers team play a vital role in raising students' aspirations and helping them through all application processes. Expert support is provided by our assistant principals, senior tutors, careers and higher education staff, and through a planned programme of tutorial activities.

Tutoring requires an active approach to pastoral work and specific skills in guidance, supporting and monitoring as well as building relationships.

## The WMSF Vision

Create a culture of community, tolerance and aspiration which celebrates diversity and equality and inspires a drive to learn

Deliver a broad curriculum which embraces technology and empowers students to achieve their potential and make aspirational choices

Provide clear and dedicated pathways which enable students to make meaningful progression within the institution, through traineeships, and work, and beyond

Promote and support aspirations through advantageous university choices and quality apprenticeship progression routes which observe the needs of individual students

Ensure all students have the opportunity to participate in relevant and rewarding experiences which help them progress

Work with external partners to inspire students, broaden their knowledge of opportunities, create experiences and transform all our students into members of the global community

Our successful application rate on to higher education has typically been between 75 – 85%, an achievement we are very proud of considering the starting point of so many of our students.

## Working at WMSF

We try hard to create a friendly, supportive and open culture in which staff can develop and thrive. Professional development for all staff is taken seriously and many opportunities are offered both in-house and externally.

Expectations at WMSF are very high and there is constant pressure for us to perform well and to provide the high quality learning environment we promise. We have developed strong internal monitoring procedures to ensure continuing high quality, with an emphasis on developmental lesson observation.

It is very important to us that all staff enjoy working in a diverse and richly rewarding inner-city environment, with young people from a wide range of backgrounds, and those who have had an unconventional secondary schooling experience. Our existing staff are of a high calibre and very committed to the student-centred philosophy at the heart of WMSF, and we wish to further enhance our community through recruiting staff with equal commitment to our belief of 'empowerment through learning'.

It is very important to us that all staff enjoy working in a diverse and richly rewarding inner-city environment

Best wishes

Mary Berrisford

Principal
