

## Teacher of Science Permanent

Closing date: Thursday 12 October 2017 (midday)  
Interviews: Thursday 19 October 2017

Dear Candidate

I am delighted that you have requested further information regarding the position of teacher of Science at The Spires College. I joined the College as Principal in September 2014 and am committed to providing an excellent education for every child in our learning community.

The Spires College has a very positive, friendly atmosphere. The staff care passionately about the well-being of the children and our students are vibrant, enthusiastic and affable. The concept of community is something is essential for a successful school and we all strive to ensure that every member of our community feels valued, and also

contributes positively to College life. Our primary focus is, and will always be, developing superb teaching and learning across all areas of the College. Pedagogy underpins all we do and all staff at The Spires College are committed to their own learning as well as their teaching. Student behaviour and safety are 'Good' (Ofsted), showing that we have keen, willing learners who really want to receive a first class education.

The Science department has many strengths and its staff work closely together as a team. This appointment is pivotal as we strive to build on the good work that has already begun and create a genuinely 'outstanding' department. We welcome good applications from candidates specialising in any Science discipline to further strengthen the department.

Working at The Spires College is tremendously rewarding and this role is a fantastic opportunity to make a real difference to young people's lives as well as offering abundant prospects for professional development. As a College we are firmly committed to continuous professional development for all and we invest heavily in developing our staff at all levels.

You are very welcome to visit The Spires College to help you decide if this is the role for you; I'd be delighted to meet you. Please contact my PA for an appointment. I look forward to hearing from you.

With best wishes

A handwritten signature in black ink, appearing to read 'Alex Newton'. The signature is fluid and cursive.

**Alex Newton**  
**Principal**

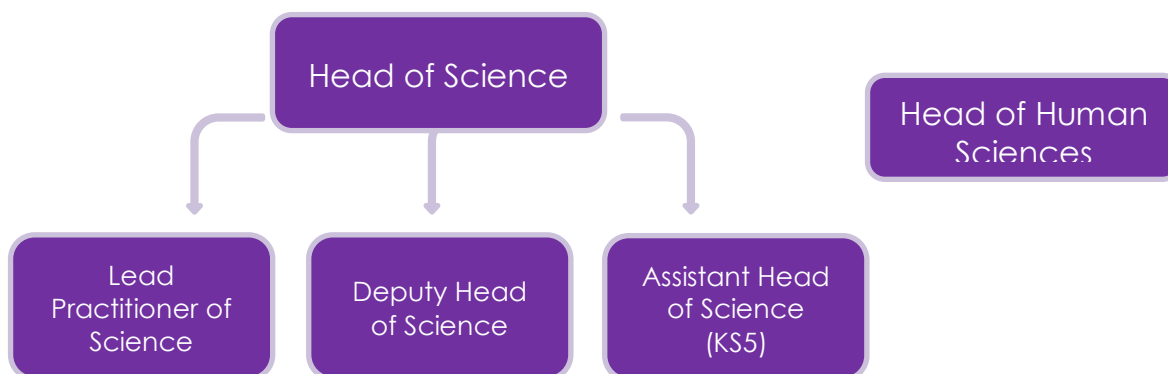

## The College

The Spires College is a co-educational, 11-18 college with a bilateral stream. It is situated in the Plainmoor district of Torquay, within the Local Authority of Torbay. There are currently around 800 students on roll, 45% of whom are in receipt of Pupil Premium funding. We are a friendly, caring college which puts the needs of our children at the heart of all we do. Academic progress is obviously vital but we also place a high value on the provision of enrichment opportunities that help our students to grow into responsible, confident and considerate young adults. Underpinning all of this are excellent standards of pastoral support and care that allow children to feel safe and valued.

Torbay is an area with a Selective Grammar School system, where parents can choose for their child to take the '11+' test if they wish for them to apply for a place at one of the selective schools in the area. The Spires College is one of very few schools in the country with bilateral streams. This allows us to take up to 60 students each year into a selective stream (out of a 220 PAN). Students who have reached a designated pass mark in the '11+' test can apply to our selective stream to access a challenging academic curriculum.

We have a modern, purpose-built building offering fantastic facilities for both students and staff alike. All full time teachers have their own classroom. We are committed to the professional learning of our teachers to ensure classroom practice is as good as it can possibly be. Every teacher follows a personalised CPD programme based on individual needs and interests, and every teacher is involved in research and professional reading through Teacher Enquiry Networks.

## The Department

The Science Department is currently made up of 8 teachers and 2 Technicians. All of the teachers have a lab within the Science area, thus allowing for a supportive, collaborative working environment. All classrooms have a SMARTboard. The department has good access to laptops and ICT suites, and is well-resourced.

In Key Stage 3 (Years 7-8), students have 6 hours per fortnight of timetabled Science lessons and this extends to between 9 and 12 hours in Key Stage 4 (Years 9-11), depending on student pathways. In Key Stage 5, A level students have 9 hours per fortnight. Biology, Chemistry and Physics are all offered at A level as well as Level 3 BTEC.

We follow the AQA specifications at KS4 and KS5. Students are set on KS2 mathematics ability from Year 7. Throughout the year the students also have the opportunity to take part in a number of STEM events, such as building Rocket Cars.

The Science staff form a friendly, cohesive team, who will offer their full support to the successful candidate.

## Job Description Teacher of Science

<b>Dates:</b>	Apply by 12 October 2017 - to start January 2018
<b>Accountable to:</b>	Head of Science
<b>Salary:</b>	MPS/UPS
<b>Contract Type:</b>	Permanent

### Introduction

This Job Description outlines the purpose and key tasks required to indicate the level of responsibility. It is not a comprehensive or exclusive list and duties / specific tasks may be varied from time to time, without changing the general character of the job or the level of responsibility entailed. This will allow flexibility for the college to respond to changing priorities and also support and enhance individual professional development. It is the practice of the college to examine job descriptions periodically, update them and ensure that they relate to the job performed, or incorporate any proposed changes. This procedure will be conducted by the Principal/Line Manager in consultation with the post holder.

Terms and conditions for staff employed on teaching contracts are detailed in the current School Teachers' Pay and Conditions document.

### Overall Purpose and Accountability

- ▲ To meet the requirements of the Teachers' Pay and Conditions document and to support students in attaining at the highest levels.
- ▲ To support and uphold the ethos, principles, policies and rules of the college in all respects and at all times.
