# Welcome to Miftah An-Nur Islamic International School

السلام عليكم ورحمة الله وبركاته

In the Name of Allah, Most Merciful and Compassionate. All praise is due to Allah Almighty, and may the peace, blessings and salutations of Allah be upon our beloved Prophet Muhammad ﷺ.

I am pleased and honoured to welcome you to Miftah An-Nur Islamic International School. With the grace of Allah Most High, our aim is to raise generations of Muslims to live the beauty of Islam, being successful and thriving global citizens.

Miftah An-Nur Islamic International School is the first of its kind in Brunei Darussalam. Our educational program integrates international best practices and standards with traditional Islamic values and etiquette. We achieve excellence in our teaching and learning while fostering Islamic values in our students through our dedicated and nurturing facilitators. Moreover, we are a school that aims for mastery in three core languages: English, Malay and Arabic. These skills will set our graduates apart in the rapidly changing global environment.

The spiritual, emotional, physical and intellectual faculties of our learners are developed based on the nurturing Islamic principles of tarbiyyah. This inclusive and holistic approach to the development of children allows our learners to be confident and well-rounded individuals.

Our staff and students are encouraged to be God-conscious and responsible global citizens, acting upon the verse of the Holy Quran, "It is He Who has appointed you vicegerent over the earth" (6:165). This Divine responsibility drives our intentions to instill excellence in our service to mankind, while having humility in successes, sincerity in actions and gratitude for our countless blessings. Our core values stem from the hadith of our beloved, Prophet Muhammad ﷺ; "Love for humanity what you love for yourself."

We look forward to meeting you in person and inviting you to our community. Please feel free to contact me directly at [ep.office@miftah.edu.bn](mailto:ep.office@miftah.edu.bn) and I will be happy to assist you.

جزاك الله خيرا  
والسلام

**Bilal Buttar**  
Executive Principal

# Our Vision

To be a centre of excellence; shaping God-conscious and thriving global citizens.

# Our Mission

To provide a world-class education led by qualified nurturing teachers, who develop critical thinking and foster Islamic values.

## Our Core Values

خدمت

Service

To Allah, to each other, and to all who cross our path.

إحسان

Excellence

In our education, in our adab, and in our leadership.

إخلاص

Sincerity

In our intentions, in our faith, and in our communication.

شكر

Gratitude

For our knowledge, for our opportunities, and for our community.

تواضع

Humility

In our action and leadership; always ready to listen to others.

Our campus at Sungai Akar is a purpose built facility that will provide new opportunities for our community. The future-proof campus will be a second home to our students, where we hope they will become thriving, global citizens.

- ◇ Multi-Purpose Hall
- ◇ Surau (Prayer Hall)
- ◇ Learning Resource Centre

- ◇ Cookery
- ◇ Science Labs
- ◇ Canteen
- ◇ Mobility Accessible Facilities

## EARLY YEARS

Our Early Years curriculum is based on current research in early childhood development and ensures that we place children at the heart of everything we do. At Miftah An-Nur, we recognise and value play as essential for human development; a right that every child deserves and an amanah that we need to fulfill.

Children build a strong sense of belonging and have a clear identity as soon as they become a part of the community with homely, safe and welcoming classroom environment. Our routines and rituals such as morning dhikr, circle times and everyday duas together form a strong sense of unity.

We want to nurture our children to be autonomous, curious, creative risktakers who have a love for learning. Hence, our continuous provision is carefully set up into learning areas that support rich interactions; spaces which promote questioning, discussion, imagination, and shared thinking. This enables our children to not just achieve curriculum objectives but follow their interests and pave their own learning journeys.

Teaching and learning is responsive to the needs and interests of the individual children we teach combining enhanced provision, child initiated play and teacher led activities. The role of our educators in Early Years is to observe, support, facilitate, question and challenge the children. Our educators are trained to immerse the children in a world of wonder and joy throughout their early years.

## SECONDARY

Our secondary school offers a wide range of academic programs that cater to the diverse needs of our students. Also providing a nurturing environment that support their personal growth and development.

The subjects offered build upon the skills attained in Primary, deepening their knowledge within each subject area, led by subject specialist teachers, equipping our students with the tools they need to succeed in their future endeavours.

Our dedicated teachers are committed to providing the highest quality of education and ensuring that our students have access to the resources they need to succeed. We place a strong emphasis on character development and encourage our students to embody our values. We believe that by nurturing their character, rooted in a love for Allah and His Messenger, we are preparing our students to become sincere and compassionate global citizens.

Education is not just about acquiring knowledge but additionally, focused on developing a deeper understanding of the world around us and our place in it. We strive to instill in our students a love of learning and a desire to make a positive difference in their communities and all who cross their paths.

### SUBJECTS OFFERED

English

Mathematics

Computing

Malay

Science

Expressive Arts

Arabic

Social Studies

Physical Education

# PRIMARY

At Miftah An-Nur, we believe in teaching Islam in a manner that permeates children's everyday life and learning. Our primary school curriculum is based on a big idea each half-term; with a link to an ayat from the Quran or a hadith for the children to reflect upon. We believe that it is through these meaningful connections, interwoven in their day to day learning that will begin to shape the 'God-conscious and thriving global citizens' we want from our vision.

Within the scope of the big idea, each year group has their own theme to explore, combining skills and knowledge from a variety of topics including English, Science, Geography, History, Art, Design & Technology. Other subjects link where possible but are mostly taught discreetly. This approach allows students to explore themes through different lenses and enables them to find a way to thrive within the theme they are learning about. We have carefully mapped our skills progression in each subject to ensure that students build on their skills across subjects each year but are also being given the opportunity to learn about a wide range of topics.

Wherever possible, our curriculum reflects the Bruneian local context including the exploration of the beautiful island of Borneo that we inhabit. Our themes are carefully chosen to support our curriculum aims of enabling students to gain an understanding of the different cultures around them, develop a sense of pride in their own history through themes such as the Early Islamic Civilisations as well as develop critical thinking through challenging historical events such as the Impact of the British Empire.

## EXTRA CURRICULAR ACTIVITIES [ECA]

We believe that activities outside the classroom support the holistic development of the students. They help to demonstrate our students' interests and to express their individuality, as well as supporting them to make meaningful contributions, maintain commitments and manage their time and priorities.

ECA are a fantastic opportunity for students to explore, learn and enjoy range of activities and discover passions in non-academic settings. They also nurture softer skills such as character development, leadership, positive social development discipline and greater interest in community involvement.

- ◆ Drama Club
- ◆ Debating Society
- ◆ Public Speaking

## EDUCATIONAL VISITS

Educational visits provide our children with rich adventures outside of the classroom. It reminds them that learning is all around us. All year groups take part in regular visits to a wide range of places to broaden horizons, capture children's interests and deepen their understanding of the world around them. These experiences motivate and engage children when embarking on a new topic or to apply the knowledge and skills that they have already learnt. This will develop them into life-long learners.
