A key component of Brighton's internationalization is the importance its places upon ensuring that its sister schools are authentically interpreting its values and ethos. Each school combines academic excellence with a wealth of extra-curricular opportunities, all underpinned by a deep commitment to the individual needs and enthusiasms of every child, and each values the importance of the individual: every boy and girl in the Brighton family of schools is valued for his or her own sake and encouraged to develop his or her talents to the full, in a community where there are no stereotypes and where every achievement, however small, is noticed.
