## Letter from the Head of School

Dear Candidate

Thank you for expressing an interest in a vacancy here. On behalf of the whole Meden School Community, I extend you a very warm welcome.

I am really proud to be the Head of a vibrant school where students work positively with their teachers and take advantage of the numerous opportunities to develop their talents and aspirations.

Central to our vision are exciting, engaging and inspiring lessons. The staff at Meden work very hard to ensure all students enjoy their learning experiences and secure high levels of progress. It is our core belief that every student has the innate ability to succeed.

Our investment in staff is outstanding. Whatever the post, there is a clear professional development route map and we actively encourage leadership and risk taking at all levels.

We know that Meden School can be even better. Over the next few years we will continue to transform the school so that it becomes an even better place to shape young lives.

I look forward to welcoming you into our school community.

Janet Brashaw  
**Head of School**

## Letter from the CEO

Dear Candidate,

I am delighted to be able to introduce you to Meden School and the tremendous opportunities this school offers the young people of Warsop.

Our Trust started partnership work with Meden in 2010. Meden has experienced challenges in recent times and we were invited to lead the long-term transformation of the school.

Working in partnership with the local governing body, we have raised aspirations and improved outcomes for the students we serve.

Critical to this, is the appointment of dynamic and innovative staff who can bring energy and initiative to the work of the school.

This is a tremendous opportunity to make a difference to the lives of young people, and will suit an ambitious professional looking to make their mark.

Thank you for showing an interest in working at Meden School, and we look forward to receiving your application.

**John Tomasevic**

CEO of the Torch Academy Gateway Trust

## Application Details

Thank you for your interest in the Teacher of Design and Technology (Food / Textiles) vacancy at Meden School. Further details of this post, the school and the Trust are included in this pack and details of how to apply can be found below.

## How to Apply

Should you wish to apply for the post, please complete and return an application form along with a covering letter addressed to Mrs. Brashaw, which clearly demonstrates your suitability for this role. Applications can be submitted via email to [dbalsdon@medenschool.co.uk](mailto:dbalsdon@medenschool.co.uk) or by post, for the attention of Mrs. Brashaw, to the following address:

Meden School  
Burns Lane  
Warsop  
Notts  
NG20 0QN

## Application forms

These can be downloaded from the school website [www.medenschool.co.uk](http://www.medenschool.co.uk). Wherever possible, please provide email addresses for your referees.

## Closing Date

Please ensure your application arrives by 9 a.m. on the closing date of Friday 09 October 2015.

## Interview:

Interviews for the role will be held on Tuesday 13 October 2015. If you have not heard from us within 2 weeks of the closing date, please assume that unfortunately, on this occasion, your application has not been successful.

## Safeguarding

Meden School is committed to safeguarding and promoting the welfare of children and young people and we expect all staff and volunteers to share this commitment.

## **Job Description - Classroom Teacher**

Reports to: Head of Department

### **Key purpose of the job**

To teach pupils in allocated classes in order to ensure that their learning is of the highest quality.

### **Responsibilities of a classroom teacher**

- Teach pupils within allocated classes, enhancing their learning and providing the opportunity for achievement for all pupils
- Planning and preparing tasks which challenge pupils and ensure high levels of interest during lessons
- Monitor the academic progress of pupils within allocated classes and implement appropriate strategies to address underachievement
- To assess, record and report on the progress and attainment of all pupils within allocated classes
- To register the attendance of pupils in class
- To set appropriate homework
- To mark pupil's work and give appropriate and constructive feedback
- To research new topic areas, maintain up-to-date subject knowledge, and devise and write new curriculum materials
- Manage pupil behaviour in the classroom and on school premises, and apply appropriate and effective measures in cases of misbehaviour
- Communicate with parents and carers over pupils' progress and participate in departmental meetings, parents' evenings and whole school training events
- Undergoing regular observations and participating in regular in-service training (INSET) as part of continuing professional development (CPD)
- Undertake critical self-evaluation and then participate in continuous professional development designed to enhance the quality of teaching or other working practices.

### **Responsibilities of a form tutor**

- To address any issues concerned with the wellbeing, personal development and academic progress of pupils within the tutor group
- To check uniform and general appearance on a daily basis
- To monitor the behaviour of pupils in the tutor group.

### **Performance Management responsibilities**

- All members of staff are required to participate fully in the school's performance management system.

## **Other professional requirements**

- Have a working knowledge of teachers' professional duties and legal liabilities
- Operate at all times within the stated policies and practices of the school
- Establish effective working relationships and set a good example through their presentation and personal and professional conduct
- Contribute to the corporate life of the school through effective participation in meetings and management systems necessary to coordinate the management of the school.

## Department Information

The Design and Technology department at Meden School delivers a curriculum rich in challenge and excitement. We aim to introduce students to a variety of materials and technologies all of which takes place in the well-equipped and ever developing Art, Design and Technology block, which as a school, students and teaching staff are very proud of.

### Staff

Mr D Scarsbrook	Head of Technology
Mr J Crowley-Volpato	Teacher of Technology
Miss M Newby	Teacher of Technology
Ms M Thomas	Teacher of Technology
Mr S Mounsey	Senior Technology Technician

### Curriculum

#### Key Stage 3 (Years 7 and 8)

The content of KS3 is divided into four modules; Food, Textiles, Engineering and Resistant Materials.

To help develop an understanding of how GCSE works pupils are given level ladders that closely mirror how the KS4 curriculum is assessed. Pupils are assessed on each area of these level ladders across all four modules. Each module lasts around 15 weeks and comprises of the following:

Food: Healthy eating project based on the eatwell plate  
Textiles: Patchwork Cushion Project  
Engineering Year 7: Rocket Project  
Engineering Year 8: Elastic Powered Vehicle Project  
Resistant Materials: Train Project

#### Key Stage 4 (Year 9-11)

At KS4 we offer five subjects from Edexcel; Food Technology, Catering, Textiles, Engineering and Resistant Materials. Each follows the scheme of work from the exam board and additional afterschool sessions are offered to support with both theory and practical work. Below is a break down of each subject offered:

**Food Technology:** This comprises of a coursework folio in which students design and make their own foods. Pupils are given a design brief provided by the exam board and are asked to produce a portfolio from research to a final design. They are then asked to complete a practical make task which is marked under exam conditions to evaluate independent cooking and quality of outcome. An exam taken at the end of the course and is worth 40% of the final GCSE grade.

**Catering:** This is designed to allow students to experience what it is like to work within the catering industry. Pupils focus on the preparation and presentation of their food. They are to complete a controlled assessment project and an end of course exam.

**Textiles:** This comprises of a coursework folio set to a given brief by Edexcel. This folio is used to model the design process right through to an end product which your Son/Daughter will be required to make. Over the three years pupils will be provided with the knowledge and understanding to produce a high quality textiles project along with a detailed design portfolio. An exam is then taken towards the end of the course. An exam taken at the end of the course and is worth 40% of the final GCSE grade.

**Engineering:** In Engineering units 1, 2, 3 and 5 are covered. In unit 1 pupils learn the basic knowledge needed for their exam, in particular up and coming Engineering projects. In unit 2 pupils look at an existing product and take it apart to see how it works. Unit 3 focusses on the health and safety side of Engineering and unit 5 looks into material properties and testing. This will place your Son/Daughter in good stead should they wish to pursue an Engineering career.

**Resistant Materials:** This comprises of a coursework folio set to a given brief by Edexcel. This folio is used to model the design process right through to an end product which your Son/Daughter will be required to make. An exam is then taken towards the end of the course.

### Key Stage 5 (Years 12 and 13)

Students that choose to continue their studies within Design and Technology have the following options available to them (all are dependent on the number of pupils signing up to a course):

- Product Design
- Engineering

## Overview of the Trust

The Torch Academy Gateway Trust is a dynamic and growing Multi Academy Trust based in the East Midlands. Our Trust Group is committed to providing high quality education to all our students, regardless of their backgrounds. Our track record demonstrates our ability to deliver our core goal: achievement for every child. Our portfolio of schools covers both secondary and primary phases, working in a range of contexts.

Our values are central to the positive ethos that we develop throughout our group of schools. This approach is focused on securing success for all our learners and providing them with the very best life opportunities.

We believe nothing is more important than making a difference to children

## Overview of the School

Meden School is situated in Market Warsop, Nottinghamshire. The school delivers an 11-18 curriculum and has around 900 pupils on roll.

Meden School was placed in 'special measures' in March 2011 and in response to this the Torch Academy Gateway Trust was invited to sponsor the school. In May 2014 Ofsted rated the school as 'good' and we now seek to consolidate this position and to work towards 'outstanding'.

Since the Trust began working at Meden School, results have significantly improved and the school was placed in the top 10 most improved schools nationally in 2012. Meden School is now well placed to begin the next phase of its journey to becoming an outstanding school.

## Achievement

Meden School's primary focus over the last four years has been to raise achievement and aspiration. In 2010, only 39% of pupils achieved 5+ A\*-C including English and Mathematics.

In 2014, 59% of pupils achieved 5+ A\*-C including English and Maths calculated on the new, more challenging, performance measures. This is compared to 59% on the old performance measures in 2013. In securing consistent good attainment, Meden School has managed to buck the national trend. In addition, staffing in the core subjects has been strengthened. There is a strong focus on ensuring students secure 5+ A\*-C including core subjects. Meden School is well placed to meet new challenges as it moves forward.

## **Staffing and Leadership**

Significant staffing changes have been made at Meden School since 2011. Meden School has a young staff profile and all appointments have been made with a clear focus on raising achievement.

The Senior Leadership Team is experienced and pro-active. The team has been critical in raising achievement and developing an ethos of aspiration amongst students and staff.

The school day begins at 8.30am, lessons are 50 minutes long with a morning break and a 35 minute lunch at 12.20pm. The school day ends with a 50 minute Study Period 3 days a week (3.30pm), a 75 minute Enrichment Period once a week (3.45pm) and at 2.35pm on a Friday.

## **Pastoral Structure**

Meden School uses a 'House' based pastoral system, which combines horizontal tutor sets with vertical socialisation opportunities. The benefits of focused year based intervention, combined with the sense of belonging and community afforded by a 'House' system, has proved very successful at Meden School.

## **Location and Site**

Market Warsop is a small town on the outskirts of Mansfield, Nottinghamshire. Situated on the north Nottinghamshire coal field, Market Warsop has reinvented itself as a commuter suburb since the local mine closed.

Meden School is situated on a large site at the edge of Market Warsop. The school benefits from extensive buildings and grounds, and a programme of renovation has resulted in significant improvements to the building stock and teaching areas. The school has access to excellent sporting facilities.

## **Governance**

Meden School has an active and engaged group of Governors who's strong loyalty to the school and a good understanding of the local community have helped to shape and support the work of Meden School in raising achievement and aspirations. The Torch Academy Gateway Trust Directors continue to take a strong interest in Meden School, providing support and advice as necessary.

## **Extra Curricular**

Meden School runs a wide range of extra-curricular course, trips and enrichment activities.

## **Securing Success**

Our vision is to build capacity for sustained improvement. There are a number of short-term strategies that can be initially used to enhance outcomes but it is our view that these need to be supplemented by a process that configures a school for long term improvement.

This work is centred on transforming a school using our 'Pillars of Success' improvement model. Transformation is achieved through the combination of a number of changes and improvements to each of these pillars within a school:

- Leadership
- CPD
- Curriculum
- Learning Organisation
- Care, Support, Guidance
- Performance Management
- Tracking and Intervention

## **Safeguarding and Child Protection**

The Trust and all its schools are committed to safeguarding and promoting the welfare of children and expects all staff to share this commitment. All new staff within the Trust will be subject to an enhanced DBS check.

Each school in the Trust has a designated member of the leadership team who is responsible for referring and monitoring any suspected case of abuse. All members of staff will receive training in line with our child protection policy.
