Why we are unique?

Happy staff + happy pupils = SUCCESS

Of paramount priority is our children's well-being and SEMH needs. We work in close partnership with Place2Be, buying in their specialist counselling services for children who have experienced or are experiencing a very difficult or challenging time. As part of our work, we are also committed to offering a half-termly group supervision session for staff; a reflective, supportive space where staff can unpick new ways of thinking about a particular child or children, or just seek some advice. We are really proud to have fostered such wonderful links with Place2Be and know that this puts us at the forefront of a significant National agenda.

Alongside this, our core values of Respect, Responsibility and Fairness run through all that we do, and are often spoken about by children and the staff team as we talk about behaviour choices and the decisions we all take day to day.

Pupil – and staff – well-being is not just an add-on or afterthought here at NNA; we know happy staff and happy children will bring about much success, and we are absolutely dedicated to investing in all members of our community so that this success is achieved.

“Pupils reflect the school's values and show high levels of respect and empathy towards each other.” Ofsted, 2016

Without doubt, NNA is an exciting place to work and learn with fabulous buildings and great plans for the future. Our team of highly skilled teachers and specialist practitioners are all eager to be the best they can be, and we have fantastic pupils to work with who we believe CAN achieve great things.

Why not come and visit us to see for yourself? Come and find your #truenorth.
