

**Laude San Pedro International College is located 100 metres from the beach and within walking distance to the town of San Pedro de Alcántara and many staff choose to live locally due to the attractive locations and convenience for school and local amenities.**

Malaga airport is 50 minutes away, along with the historic and cultural venues within the city. There is also a fast train link at Malaga with routes throughout Spain. The school is close to Marbella and Estepona and there are many local attractions and events throughout the year.

## PLACES TO VISIT NEARBY

Malaga

Ronda

Gibraltar

## Work contract

In order to work in Spain, an 'NIE' number (a foreigner's identity number), social security number and a contract of employment are needed. The School will help with all paperwork.

## Signing on with a doctor

You must sign on with a social security doctor as soon as possible after receiving your work contract and social security number. Go to the local health centre and ask for a social security health card, "tarjeta sanitaria". They will assign you a doctor and send the card to your address by post usually within 2 weeks.

## Accidents at school

The school is insured against staff accidents with a company called FREMAP. It has its own clinics, doctors, and ancillary staff, including physiotherapists. They will arrange all the treatment you need. You are entitled to a free medical assessment from FREMAP once every 2 years.

## Spanish state pension

The years of contract at school will count towards a Spanish state pension. The present law says that you will need to contribute for 15 years to access a Spanish pension. These contributions may also be 'converted' into years that count towards the EU-UK state pensions if you return to your country.

## UK pension contributions

Your salary will not include contributions to the UK state pension scheme or other EU pension schemes, e.g. teachers pension. It may be possible to keep paying your National Insurance stamp in the UK, please check with your local office before coming out.

## Personal identification documents

It is very important that you carry original personal identification such as your passport or EU-UK driving license all the time while you are in Spain. You may need to show your identification when you pay using a debit/credit card. You must keep all your original car papers in the car, if you have one, all the time.
