THE LATYMER SCHOOL

Founded 1624

THE LATYMER SCHOOL - HEADTEACHER

Edmonton, North London

Competitive remuneration package with relocation assistance

The Latymer School is a high achieving, selective grammar school with a great tradition of success. Established four hundred years ago, it has developed and evolved into an inclusive school, with a diverse intake. It provides a first-class liberal education, which develops lively enquiring minds, and encourages students to achieve their full potential.

In the academic year 2023/24, 39.3% of students achieved a grade 9 and 85.5% achieved grade 9/8/7. At A Level 30.7% of grades were A* and 66.8% were A*/ A. The majority of students went on to attend the country's top universities, and a large number were successful in their applications to Oxford or Cambridge.

It is not all about academic success. Of equal importance is the emotional and social development of students, equipping them with the social skills necessary to make a positive contribution to society. We provide a large number of extra-curricular activities, many generated and organised by the students themselves. An outstanding musical tradition, continues to inspire a wide range of music making, alongside drama, sport, and outdoor pursuits. These are all highly valued by students.

Our current Headteacher is retiring and the Governors wish to appoint a dynamic and inspirational Headteacher to lead the school through the next phase of its development. We are not complacent. There is much to achieve in an ever-changing education landscape.

We are looking for a strong leader, communicator and educationalist who can engage the various members of the Latymer community, the staff, students, parents, carers and alumni.

You will have a demonstrable track record of successful school leadership, with a deep understanding of teaching, learning, and pedagogy. You may be an exceptional Deputy Headteacher/Head of School ready for the next step, or an experienced Headteacher looking for a different context and a new challenge. Either way, your emotional intelligence and ability to work with and through others will set you apart.
