Our mission is to deliver education that transforms lives as well as minds. We do this by providing an education as individual as every child, within an environment that's like no other. Fulfilling this mission is the priority of all our staff and our students go on to achieve great things.

Wolverhampton Grammar School is one of the oldest schools in the country and the top independent school in Wolverhampton. Their knowledge and skills are diverse, and are a source of strength and richness to the school. What we expect all our students to have in common is an interest in thinking, learning and discovery.
