About the Faculty

Maths Faculty

Through high quality teaching and learning, good communication, consistency and mutual respect, the Mathematics Faculty work collaboratively as a team to raise student expectations and maximise achievement. We foster in students an enthusiasm and passion for our subject, inspiring pupils and instilling a desire to succeed and achieve their full potential and beyond in a supportive environment.

The faculty consists of ten mathematics specialists who have worked together as a highly successful, supportive team and, whilst there is a wealth of expertise in the department, we constantly look to further improve the quality of teaching and learning. We develop, evaluate and embrace new initiatives and have an embedded ethos of sharing good practice. Within the department there are 4 subject TLR responsibilities: a School Director for Mathematics, a Deputy School Director, a Lead Practitioner and an Assistant School Director.

A good proportion of the Sixth Form study Mathematics at A level and, in addition to this, we offer Further Mathematics to A2. Due to the continued popularity of this subject post-16 we have seen an increasing number of students studying mathematics at university (including Oxford and Cambridge) and, consequently, we offer timetabled lessons for STEP/AEA paper preparation, again, with a high measure of success.

Resources and Organisation

All 9 teaching rooms are equipped with multi-media screens and a visualiser. We have detailed schemes of work in place for all years with a core text for KS4 and KS5. From September 2022 all of KS3 are following the Ark Mathematics Mastery curriculum and every classroom has a wealth of manipulatives to support the delivery of this. All mathematics classes in KS3 and KS4 are taught in sets according to ability.

The school operates a two week timetable of one hour lessons:

Years 7, 8 and 9 have 6 lessons per fortnight.

Year 10 and 11 have 8 lessons per fortnight.

Year 12 and 13 have 10 lessons per fortnight.

AQA specifications are followed at both GCSE (8300) and A-Level (7357/7367).

There are a number of long established extra-curricular opportunities throughout the week that are staffed, and attended by pupils, in a voluntary capacity. Our after school “surgeries” are always very well attended by the full range of abilities aspiring to improve their understanding, further their potential and become independent learners.

A series of trainee teachers have been successfully introduced to teaching at Allestree Woodlands School, several of whom have gone on to take up posts with us. We also have an established ECT programme.
