NORD ANGLIA INTERNATIONAL SCHOOL DUBAI
A NORD ANGLIA EDUCATION SCHOOL

Al Barsha 3, Hessa St, Dubai, UAE
T +971 (0) 4 219 9999

Dear Candidate,

Thank you for your interest in joining us at Nord Anglia International School, Dubai.

Our School opened in September 2014. It is purpose built and very generously resourced with a current enrolment of 1760. It has achieved some outstanding academic results and very healthy feedback from the annual inspections where we are judged to be 'Very Good' and 'Outstanding'.

As an 'all through' school meeting the needs of children across the age range we enjoy a very strong sense of community belonging that is felt by parents, children and staff alike. Everyone comments on the positive atmosphere of a busy school where the students are extremely well mannered.

Our curriculum is based upon the legacy of the English National Curriculum adapted to the local environment leading up to GCSE and on to the IB Diploma programme. Our last year's GCSE pass rate was a 98% overall pass with 71% A* and A passes was distinguished .

NAS Dubai is a member of the Nord Anglia Education Group with over 61,000 students in 61 schools around the globe. This provides us with multiple opportunities for exciting staff and student exchange, professional development, and the thought leadership that results from our dynamic partnerships with external institutions.

Of particular significance are our partnerships with the Juilliard School, the Massachusetts Institute of Technology and Kings College London. The Juilliard partnership is impactful as it engenders creative personal responses in Music, Drama and Performing Arts across the age range. The MIT partnership provides students with exciting and relevant challenges while encouraging more project based integrated learning. Kings provide a bespoke MA in Education for staff. More recently, our shared commitment to the UN's Seventeen Sustainable Goals helps us to work with clear focus with young people as they explore how they can build a better world. This year NAS Dubai funded the building of a school in Western Nepal and continue to support its development.

Students at NAS Dubai travel widely, linking with our other schools around the world on languages and cultural visits. They take part in expeditions locally and further afield in Thailand, Sri Lanka, Nepal and from our NAE outdoor pursuits centre in Tanzania. They also make university visits in America and Britain.

As an international school with over 80 nationalities amongst our student body we celebrate the diversity of our community that is united within the supportive and family friendly atmosphere that characterises the school. But there is nothing too cosy about this as we are truly ambitious for our students, teachers and parents believing that everyone can achieve more than they ever thought possible when learning is truly personalised.

Recognising that outstanding teachers create outstanding schools, we are keen to attract the highest quality candidates to help to take our school forward. If this is for you then I look forward to hearing from you and considering your application to join our team in Dubai. Enjoy seeing more in our video for teachers found here

Yours sincerely,

Matthew Farthing
Principal

NAS Dubai – championing an ambitious education and believing that there are no limits to what we can achieve for ourselves for others.
