Headteacher : Marion Budd, MA(Hons), MA(Ed), MBA

June 2017

Dear Candidate

Thank you for your interest in Northolt High School.

The vacancy we have is for a Geography teacher to join our thriving department at Northolt High School with the possibility of offering A Level Economics. You will be joining a well established Geography team at the school. Geography is a popular subject here in which students make excellent progress.

We are an outer London school based in Northolt, Ealing, who pay inner London salaries to all teaching staff. This is a demonstrable commitment to ensuring that we recruit and retain high quality teachers. Our staff are friendly and collaborative so you will be well supported in this role.

We are expanding and anticipate becoming an oversubscribed 8 form entry school once our new building opens in September 2020. There will be no disruption to Geography facilities during the new building process although we will all be working together to plan for our new building.

One new area for the school from September is that we will be introducing Building Learning Power into Year 7 so that our students become more capable learners. You can find more details about this here: <https://www.buildinglearningpower.com/>. Starting with us in September will offer you a really exciting opportunity to be involved in this project which will also provide you with excellent career development.

Please see the attached job description and person specification for further details of the post. I do hope that you will be interested in applying for this vacancy and look forward to reading your application.

Yours sincerely

Marion Budd
Headteacher
