Information for Applicants

Weavers Academy

Striving for success, focusing on learning

Dear Applicant

Thank you for showing an interest in teaching at Weavers Academy.

This is an exciting time for the school following the recent Ofsted inspection where leadership, teaching, outcomes, personal development, behaviour, welfare and post-16 programmes were all judged good.

In particular, we are absolutely delighted that inspectors noted that the culture of higher expectations had resulted in the rapid improvements seen in recent times.

However, we are not complacent.

We aspire to being a school of first choice for the community, a beacon of hope, a provider of not just a 'good' education, but a 'world class' one! We want our staff, students, families and governors to judge Weavers Academy to be an outstanding school and we want to have that externally verified by Ofsted when they next visit us.

We are passionate about the classroom experience and this starts with getting the basics right every day: attendance, punctuality, attitude to learning and progress.

Our curriculum is designed to meet the diverse interests, aptitudes and needs of our students. Aspiration is high. As a learning community we are constantly looking to challenge ourselves to achieve all that we can for our students and the school.

Our improvement journey is now entering a new and very exciting phase. If your educational philosophy is compatible with the Weavers vision then we would be delighted to receive an application from you by **12 noon on Monday 25 September with interviews later that week.**

(Start date: January 2018)

Applicants should refer to the 'Guidance on the Application Process' provided.

Yours sincerely

Vivien Swaida
Principal

Creative Education Trust

The Creative Education Trust is a charity and social enterprise set up in 2011 with support from leaders in the creative industries, innovation - based businesses and education.

Their mission is to improve standards of education and skills for children and young people across the UK, equipping them to be successful adults in the competitive, globalised world of the future. The creative, problem solving, innovation and making skills used in design, engineering, high-tech manufacturing and architecture are at the heart of their approach to learning because these skills are at the heart of the UK economy of the future.

They are delivering their mission through exciting innovations in curriculum, teaching and learning which are driving educational improvement and developing students with modern employable skills in their growing number of primary and secondary academies across England.

Their ambition is to be among the very best providers of publicly-funded education in the country. They are achieving their aims through:

- Educational rigour
- Organisational effectiveness
- Financial efficiency
- Partnership and respect for local identity
- Respect for autonomous leadership
- Quality not quantity
- Promoting practical creativity

Maths Learning Area

Maths at Weavers Academy

We have high expectations that every student masters the key mathematical content relevant to their age, by ensuring that they receive the right level of support and challenge.

The mathematics teaching team is led and managed by an Assistant Principal and there are a range of TLR responsibilities for the quality of teaching and standards in Years 7-13.

New leadership in mathematics has prioritised the quality of teaching and learning and as a result, outcomes substantially improved in 2016: 68% of students achieved an A*-C grade and 73% of students made expected progress (and 30% better than expected progress). In 2017 attainment stayed broadly similar.

There is a firm foundation in place. The team now seek additional skilful practitioners with the commitment and drive to join them in their pursuit of excellence for all.

Students follow a 5-year curriculum programme that reflects high expectations for every young person. Inclusive learning is supported by effective differentiation with appropriate challenge for all and support for learning. Depth is prioritised before breadth and the curriculum programme is designed to enable students to study fewer topics each term in order to deepen understanding. This also enables concepts to be sequenced so that methods previously learned can be connected to new learning and applied in a variety of different contexts.

Key Stage 4

Exam board: Edexcel. Qualification: Edexcel GCSE (9–1) in Mathematics

The qualification consists of three equally-weighted written examination papers at either the foundation tier (where grades 1 – 5 are available) or higher tier (where grades 4 – 9 are available). Paper 1 is a non-calculator assessment and a calculator is allowed for Paper 2 and Paper 3. Each paper is 1 hour and 30 minutes long and is worth 80 marks.

Maths is taught in 1 hour lessons four times per week for students across all year groups

Key Stage 5

Exam board: Edexcel

AS / A2 Mathematics

We teach the AS/A2 Mathematics and Further Mathematics programmes.
