School, Vision and Ethos

Wycombe High School is a girls' selective state academy school with 1304 students on roll, of whom around 400 are in the Sixth Form. Each year 192 girls are admitted into Year 7. All students are assigned to a vertical tutor group consisting of about 21 students; usually three students from each year group. There are six houses with 10 tutor groups in each house. Our school is part of the Wycombe High School Academies Trust; a Trust consisting of Wycombe High School and Bourne End Academy.

The school has educated girls of High Wycombe for over a hundred years and is very highly regarded in the local and wider community. There is a strong and shared sense of community and collective pride, built on core values. Parental support is strong. We have excellent links with other local schools, colleges and universities. We have a knowledgeable and supportive Governing Body fully involved with all aspects of school life, and an enthusiastic and active Parents and Friends Association.

Our staff are professional, forward-looking and committed to extending the horizons of our students, encouraging them to aim high, to take on leadership roles and to become independent learners. We have an ambitious development plan, with a focus on improving the quality of teaching and learning, both within and beyond the classroom.

We are a National Support School, a Teaching School and one of 35 Mathematics Hubs nationally. We are delighted to have been recently designated as a National Mathematics and Physics SCITT in 2017 and have strong community partnerships. We have invested substantially in IT systems and training. We also have an outstanding reputation for the performing and visual arts. Numerous educational visits take place each year and for every age group, at home and abroad.

Our school motto summarises our ethos and sense of community. All those who study, work at, or send their children to our school are part of this community and are role models for our ethos.

Fortiter, Fideliter, Feliciter (Courageously, Faithfully, Joyfully)

Courageously

Each student is encouraged to embrace our core values of honesty, respect and hard work. She is encouraged to speak out against injustice, supported to take risks, and is not afraid of failure. She learns new subjects and skills. She pushes herself to her personal limits and beyond. She is encouraged to listen to the opinions of others, as well as to voice her own. She accepts responsibility for herself and other students. She leads the school in partnership with staff and the governing body. She is independent and innovative in thought and action.

Faithfully

Every student is expected to uphold our school rules and traditions. She acts with integrity and is truthful and honest in all she does. She keeps promises and is reliable. She works hard to achieve her full potential. Above all she is a good friend, a good neighbour and a good citizen. She contributes positively to school life and society.

Joyfully

All our students contribute to making our school the happy and joyful place it is. Each student demonstrates mutual respect and empathy for all and is proud of her own achievements and those of others. She shows commitment to a fair and peaceful community and embraces diversity. Our students are happy and positive in approach, and support others to be the same.

What Makes Our School Unique

All our students are high-achieving; almost all move on to their first choice degree courses or high level apprenticeships at the UK's best universities of employers. Some study indeed internationally.

Whilst there are always differences in results year to year, in 2017 we are once again one of the top performing schools nationally.

About half our students come from the town of High Wycombe, a diverse community which is reflected in our intake. 42% of students are from ethnic heritage backgrounds. Buckinghamshire is a selective authority, and our students represent approximately the top third of the ability range as measured by the selection process.

Well-motivated, confident and enthusiastic, our students are a delight to teach. They need little encouragement to take part in a very wide range of extra-curricular activities, including the arts, sports, community service and enterprise. The atmosphere within the school is purposeful and lively. Enjoyment is clearly evident. Our students work in partnership with staff to continually improve our learning environment and experience. They willingly embrace the many leadership opportunities available and take an obvious pride in their school and each other.

You can find further information about the school on our website at www.whs.bucks.sch.uk and you are welcome to visit us.

Our Staff and Their Development Opportunities

Professional Learning Pathways (PLPs)

Wycombe High School is committed to excellence in teaching. It aims to recruit and retain the highest calibre teachers and leaders and as such offers Professional Learning Pathways (PLPs) that form the basis of an individual's professional development whilst with us. There is a PLP for every stage (current or aspirant stage) of a teacher's career and professional abilities. The best CPD is recognised as professional experience that prepares an individual for the next stage of his/her career. Professional development is not a passive experience and requires the individual to actively accept opportunities for professional learning.

Professional Learning Entitlement

Deciding on an appropriate PLP for an individual teacher will be dependent on her/his aptitude, experience and impact as a professional. It may be, for example, that a teacher on Point 4 of the Teachers' Mainscale may be following the PLP for a more experienced teacher / leader because of his /her accelerated career and excellence. PLPs are 'entitlements'; however, we do expect teachers joining Wycombe High School to be committed to on-going professional learning and embrace the opportunities on offer. PLPs will support teachers in providing the evidence required for pay progression. Annual appraisals provide the framework for discussing appropriate pathways and experiences.

Research and Development

At the core of excellent teaching, leadership and student outcomes are evidence-based developments in pedagogy and practice. Every PLP includes opportunities for observing and/or developing best practice. Wycombe High School and its teachers are committed to sharing this best practice formally and informally. R & D is recognised as a key part of on-

going professional development and professional learning.

Masters Accreditation

Action research can be accredited via a recognised Masters programme. WHS currently works with UCL Institute of Education and Edge Hill. Every teacher is entitled to subsidised masters funding at WHS. The first 90 module credits will be funded by WHS. Thereafter a Masters dissertation and completion of a full Masters programme will be only be fully funded by WHS if the teacher remains in employment within Wycombe High Schools Academy Trust for a further 3 years post masters qualification. A contractual agreement is required on commencement of the Masters programme. Repayment will be required for those leaving outside of this timeframe. Should a teacher join us already with Master credits, the same funding rules apply. WHS is currently agreeing PhD routes for Masters qualified colleagues. Again contractual retention / financing rules apply. For any teacher joining us with a Masters already completed, there is potential for a funded PhD. Paid time off for studying is not supported. The individual must be secure enough in their existing post to find the capacity to manage extra Masters or PhD study on top of their employment. For staff who have currently embarked on a Masters programme at WHS, the above criteria will apply from September 2016.

Professional Learning Coach

Every new member of teaching staff is allocated a Professional Learning Coach with whom he/she will be entitled to meet up to a maximum of twice per year. This is not part of any performance management system, but provides an opportunity for teachers to discuss their personal professional development and career ambitions.

History & Governance

Wycombe High School was first opened in September 1901 when there were only 18 fee paying students and 3 staff. Miss Mary Christie M.A. was the first headmistress. The School was first housed in a building known today as Clock House in Frogmoor, High Wycombe. The building still stands today.

The school moved to Benjamin Road in 1906 where it remained for 50 years, except for a time during the First World War when it was evacuated to the old grammar school so that Benjamin Road buildings could be used as a military hospital.

By 1922 the school had 300 pupils and was rapidly expanding. The school acquired its status as a Voluntary Controlled Girl's Grammar School in 1944. By 1956 the number of girls wishing to attend the school was so great that the school moved again to new premises that were built at the present site on Marlow Hill. In 1969 a dedicated Sixth Form Centre was built.

In 1993, new buildings were added to allow for the extra 300 pupils and staff that arrived when Lady Verney High School joined with Wycombe High in 1993, with new Technology, Sport and Drama blocks. In 2006 the Wainwright Learning Centre opened. This houses our well resourced library, conference facilities, the school archive and an Internet café.

Our new Music Centre contains a large performing and rehearsal space, as well as 14 practice rooms and a technology and recording studio. This building will act as the catalyst for further facilities work. With 1345 students to house our site continues to evolve.

Wycombe High School's Governing Body consists of 18 governors: 12 appointed governors, 3 staff governors, 2 parent governors and the Headteacher. Three sub-committees deal with the core strategic business of the school: Finance and Personnel; Facilities; and Community, Learning and Teaching.

In 2012 Ofsted stated "The Governing Body works strategically and highly effectively to support and challenge the school."

Governors share collective responsibility for the effective governance and development of Wycombe High School, setting our strategic direction and major policies in accordance with the Group's mission, vision and values.

Governors also liaise with subject teams to triangulate information shared and contribute to the recruitment process of the school.

"This is an outstanding school... the Sixth Form is outstanding... the quality of teaching is outstanding. (Teachers) are highly effective in meeting the needs of learners and promoting rapid and sustained progress. (They) use their expertise and excellent subject knowledge to plan lessons and engage students".

Ofsted, June 2012

The leadership and management of leaders across the school and the governing body are outstanding. There is clearly communicated ambition for all students to reach the very highest standards".
