

Kensington
LEARNING
SPACE

LEARNING EXPERIENCE, REDEFINED.

Not just another school,
but a **LEARNING SPACE**

Kensington Learning Space (KLS) will be the first child-centric, purpose-built facility of its kind. A one-stop platform for providing creative, unique and fun learning experiences, nurturing lifelong learning skills and a mindset that *prepares children for the future.*

OUR SPACE:

The inspiration for our 'learning space' at KLS is to create a futuristic and innovative learning experience. The areas both indoors and outdoors have a seamless boundary that connects children with their environment.

Unlike anywhere else, every corner was specifically designed to cultivate children's curiosity and learning beyond a traditional education space, resulting in the creative and unique experience that can only be found at KLS.

OPENING
IN EARLY 2020

THE WAIT IS OVER.

First glimpse of Kensington's new project that defines 'Learning Space' like you've never known before.

Offering weekday, weekend and after-school programmes, selected from the best in each field, for kids from 6 months to 11 years old
