Letter from the Principal

Dear Applicant

Thank you for your interest in our recently advertised post of **Head of IT, Computing and Business Studies** at the Nottingham University Academy of Science and Technology (NUAST).

NUAST is a centre of Excellence in Science, Engineering and Computing/IT. We are a specialist academy teaching students aged 11-19 years old. Our aim is to ensure that young people who are passionate about STEM have opportunities to realise their maximum potential with us. We currently have 904 students on roll. NUAST opened as a 14-19 school in 2014 and we took our first Year 7 cohort in September 2018. NUAST is well regarded within Nottinghamshire and is over-subscribed for entry.

The NUAST staff team is dedicated to ensuring that our strong and caring pastoral system encourages and supports our students to access the excellent specialised facilities and the unique opportunities available. NUAST has achieved excellent results and has firmly established a reputation for academic success.

Working at NUAST will be an exciting and challenging chapter in the career of any teacher. Along with the responsibilities associated with the position, the successful candidate will be responsible for helping to form the culture, ethos and working practices of the Academy at every level. Our OFSTED inspection graded us as Good overall and Outstanding for Sixth Form.

I look forward to receiving your application.

Yours sincerely

Robert White
Principal

Application Process

If you feel that you could contribute to the students and team at NUAST, we would welcome your application.

All applications need to be submitted online and can be accessed here.

Wherever possible, please provide email addresses for your referees.

Please ensure your application arrives by 5.00pm on the closing date of Sunday 11th April 2021.

Interviews for the role will take place on Wednesday 21st April 2021.

If you have not heard from us within five days of the close of application this means that you have not been successful on this occasion.

The Academy

NUAST is an 11-19 academy based in Nottingham offering the very best educational opportunities for our students.

With specialist teachers, specialist facilities and the unique opportunity to work with the University of Nottingham and industry partners at KS3, KS4 and KS5. NUAST offers our students specialist STEM teaching and a broad range of subjects that will support their future progress to further study or employment.

Curriculum

Our curriculum balances specialist teaching in STEM with the other core subjects which students will need to get a place at a university or secure a good job or apprenticeship.

The Academy Day

To ensure that NUAST can offer the broadest set of experiences for each of its learners, the academy operates an extended working day.

Starting at 8.30am, the academy's formal curriculum offer operates until 3.45pm Monday -Wednesday. Thursday sees student leave the Academy at 3.00pm with staff CPD taking place until 4.00pm. On Friday, school finishes at 2.15pm.

This extended day allows us to deliver our unique curriculum and provides students with the opportunities to access a wide range of enrichment activities.

Pastoral Care

At NUAST student's well-being is of primary importance to us. As a small academy we can offer a high level of care and guidance. All students will have a learning mentor.

Mentors will guide and support students throughout their time at NUAST. In addition all students are offered specialist career advice with the support of our University and Industry partners.

In terms of behaviour, we have a very simple approach. Work hard and be kind.

Industry Partners

From the very start, NUAST has had the support and guidance of some of the biggest industry names in engineering and information technology. Their knowledge and understanding of the skills and attributes required to become a future employee in their fields has guided the curriculum and helped shape the facilities.

As students learn and train at NUAST, they will have the opportunity to work with these companies alongside NUAST teaching staff. Students will leave NUAST fully equipped to enter the world of work or higher education with an enviable set of experiences and contacts.

NUAST has many partners, some of which are listed below:

Rolls-Royce   Siemens   Toshiba   XMA   Esendex   Experian

Employer engagement has proved to be invaluable. We seek to expand this to all areas of the curriculum.

Education Partners

In addition, NUAST is sponsored by the University of Nottingham, which provides students with access to world-class research facilities and staff. The university will provide opportunities to develop academic experiences and knowledge.

Students wishing to pursue degree level courses will be given help and support when applying to university.

Finally, education provision is supported by the Nova Education Trust.

As education partners, the Trust deliver exceptional educational support with access to curriculum and pastoral groups, and support in areas such as safeguarding, Governance and other central service functions.

Facilities

Housed in a purpose-built, iconic building, NUAST offers the most advanced GCSE and Post 16 facility for the teaching of science, mathematics, engineering and computer science in the local area.

Industry standard science, IT and engineering facilities are complemented by a full suite of teaching rooms covering all key English Baccalaureate subjects.

Having opened in Autumn 2014, the building is designed to provide our students with all the experiences they will need to enter higher education or industry. The building has been designed as a modern workplace: open, light and attractive with excellent catering, study and outdoor spaces.

NUAST is a remarkable investment in the young people of the East Midlands.

Department Overview

The Computing, IT and Business department occupies extremely well equipped facilities within our purpose built building. There are currently three full time teaching staff in the department.

The department is a key department within the Academy and offers a wide range of subjects and is recognised as being key to the reputation of NUAST with significant interest from both university and local employers. The department has excellent facilities with two fully equipped dedicated computing suites, Raspberry Pi computers, Robotics equipment, Lego control technology equipment and VEX Robotics kits.

Computing is an integral part of the KS3 curriculum.
At KS4, the department delivers;
Cambridge National IT
Cambridge National IMedia
GCSE Computer Science
GCSE Business Studies

At KS5, the department delivers;
A level Computer Science
A level Business Studies

With this range of qualifications, the post is busy and the successful candidate must be able to respond to the controlled assessment requirements of these qualifications to ensure effective completion and high attainment.

Job Purpose

As the head of department you are required to contribute to the NUAST's vision of providing a high quality education for its students, by providing: effective and inspirational teaching; dynamic leadership of IT, Computing and Business education; and efficient management of the human and physical resources of the department to achieve departmental objectives.

Reports To

SLT line manager

Responsible For

Teacher of Computing
Teacher of Business Studies

Specific Responsibilities and Duties

The Head of IT, Computing and Business Studies will be responsible for the delivery of the following key priorities:

- To lead and inspire the IT, Computing and Business team of committed staff to achieve excellence for students at GCSE, CNAT, A Level and BTEC Level 3.
- To ensure all our students are able to thrive and engage in both academic and vocational learning to achieve above and beyond their highest potential whilst developing personal and employability skills.
- To teach A level, GCSE, BTEC, CNAT and Key Stage 3 IT, Computing and Business.
- To manage the resources of the IT, Computing and Business Department.
- To maintain departmental development, through keeping abreast with technological development and advising on and recommending further investment in equipment.
- To foster curiosity, ingenuity, creativity and practical skills amongst the students.
- To foster involvement in enrichment activities beyond the curriculum through involvement in out of school (VEX Robotics).
- To forge links with businesses to support visits, lectures, collaborative projects or other activities.
- To line manage IT, Business and Computing teachers: advising on and monitoring the design and delivery of curricula; providing support and guidance; and reviewing performance in annual appraisals.
- Contribute to whole trust progress boards and support the vision for IT, Computing and Business teaching across the trust.
- To plan and execute a diverse programme that meets individual learner needs within IT, Computing and Business.
- You will demonstrate good or outstanding performance against the national teaching standards.
- To establish and review departmental aims and objectives, translating these into strategies within a development plan, each year.
- To maintain an up to date Departmental Handbook, containing departmental schemes of work, policies and routines, etc., to be updated each September.
- To co-ordinate and develop the curriculum provision of the department, producing appropriate schemes of work for each course and ensuring smooth progression across the age range for pupils studying the subject.
- To liaise with Curriculum Line Manager on the deployment of members of staff within the school timetable.
- To oversee and monitor the use of the departmental facilities, including equipment, books and accommodation.
- To manage the health and safety of the department, ensuring that all departmental activities are regularly risk assessed and that appropriate records are maintained, liaising with the Health and Safety Officer.
- To manage the departmental budget, allocating and maintaining records of expenditure.
- To manage the departmental examination systems, including making decisions on examination board, submitting entries to the examinations officer, overseeing any coursework requirements and maintaining

appropriate records.
- To provide information about pupil performance in public examinations, for SLT, and provide other information concerning pupil progress and the planned intervention where necessary.
- To monitor the work of members of the department, including assignment setting, marking and monitoring of pupil progress.
- To ensure that appropriate cover work is set, in the event of staff absences.
- To chair and record minutes of regular departmental meetings, providing information as required.
-

You will inspire our students, stakeholders and employer partners by:
- Working with university partners effectively to enhance the students learning through the development and delivery of focus projects.
- Understanding national standards within the subject area and ensure that these are followed.
- Using effective target setting systems for all students within IT, Computing and Business to ensure the highest possible levels of achievement.
- Identifying effective intervention and mentoring strategies for students within IT, Computing and Business.
- Ensuring that all the work for NUAST follows our vision and values
- Being an outstanding practitioner who inspires students to pursue their career goals.
- Contributing to the NUAST Enrichment programme.
- Undertaking such other duties as are commensurate with the post and which may reasonably be required by the Principal.

You will enhance young people's futures by:
- Teaching students according to their educational needs, including the appropriate setting and marking of work to be carried out by the students.
- Assessing, recording and reporting on the attendance, progress, development and attainment of students whilst keeping electronic records as required.
- Contributing to reports and references relating to individual students.
- Ensuring that ICT, Literacy and Numeracy are part of the teaching and learning experience of students.
- Ensuring a high quality learning experience for students, which meet internal and external quality standards.
- Preparing and regularly updating subject materials.
- Using a variety of delivery methods, which will stimulate learning appropriate to student needs and demands of the syllabus.
- Maintaining discipline in accordance with the NUAST procedures, and to encourage good practice with regard to punctuality, behaviour, standards of work and independent learning.
- Undertaking assessment of students as requested by external examination bodies, departmental and NUAST procedures.
- Marking and grading students work which enables you to give written/verbal and diagnostic feedback.
- Supporting and motivating students to allow them to grow and enhance their own skills in both achieving qualifications and work readiness.
- Ensuring the maximum opportunity for young people to prepare for pathways into further learning, training or employment.

- Supporting partnership events with key stakeholders including students, parents, employers, schools, further and higher education establishments.
- Engaging with employers to develop learner employability skills, ensuring work related learning experiences are at the core of the curriculum.
- Ensuring all students understand the expected standards of behaviour and be prepared to intervene where these standards are not followed.
- Ensuring a safe, secure and healthy environment for students.

You will protect our students by:
- Responding effectively and immediately to safeguarding/child protection concerns raised by staff, pupils or brought to NUASTs attention through other means.
- Ensuring that safeguarding policies are followed and communicated effectively.
- Ensuring that the department meets the requirements of all relevant health and safety legislation.

Generic Requirements:
1. It is a requirement of all posts within the Academy that Health and Safety requirements are upheld in the performance of duties
2. All employees of the Academy are required to uphold the Equality and Diversity Policy and the Academy's Code of Conduct.
3. All staff will ensure the safeguarding of young people by the implementation of Child Protection and other safeguarding policies.

This job description is not a complete description of the role, as you are required to undertake any other reasonable duties within the level of responsibility and grading of the post as directed by the Principal.
