ABOUT US

Welcome to Raha International School, Khalifa City Campus (KCC). KCC is a member of the Taaleem family of school with our campus located in Abu Dhabi. We are dedicated to nurturing each student's unique potential and aim to instill in our students our Knowledge, Courage, and Connection.

We opened doors in September 2020 and are the second of the Raha schools, with our sister school Raha Gardens Campus, located approximately 7 kilometer away. KCC was built to satisfy the exceptionally high demand for places at Raha International School and the ever-increasing popularity of the IB curriculum.

KCC is an International Baccalaureate World School, currently catering for grades from KCC Minis (Pre-K) to Grade 12. Our school community is made up of over 2000 students from over 80 nationalities who collectively speak 45 mother tongues.

We are proud to be a diverse and inclusive school.

As an International Baccalaureate (IB) continuum school, we align our values with the IB mission statement, emphasising curiosity, critical thinking, compassion and global citizenship. With state-of-the-art facilities and a comprehensive curriculum, we empower our students to explore, discover, and excel. Our world-class international education programme is designed to prepare students for success in an ever-changing world, equipping them with the skills, knowledge, and values necessary to become confident, caring and responsible young people.

KCC is more than a school; it's a community that values diversity, fosters creativity, and encourages a spirit of inquiry. We invite you to join us on a journey of discovery and growth, where every student can unlock their unique potential and exceed expectations.

KCC – AN ACCREDITED IB WORLD SCHOOL

Raha International School Khalifa City Campus is an IB World School, nurturing students not only to achieve academic success but also to become true global citizens.

At Raha KCC, deep and personalised learning is at the heart of our curriculum. Our students learn to think critically, ask questions, collaborate with others from diverse backgrounds, and use creativity to solve problems.

Raha KCC students will develop flexibility for learning by crossing disciplinary, cultural and geographical boundaries as they discover their passion and purpose in school and the world around them.

The IB curriculum is internationally acclaimed and respected for its relevance in today's multicultural and increasingly global society.

MISSION & VISION

Our approach to education is founded on our Mission and Vision – a framework of ideas used to guide our development.

Our Forever

To open doors.

Our Mission

To cultivate knowledge, courage and connection to unlock the unique potential in all.

Our Vision

A community of global learners and leaders, exceeding expectations.

RAHA'S EXCEPTIONAL JOURNEY

Raha International School, Khalifa City Campus has been rated 'Good' by the Abu Dhabi Department of Education and Knowledge (ADEK) for its first inspection.

Taaleem, formerly known as Beacon Education, is a school management company set up in 2003 to develop and run high quality education projects.

The founding partners identified two distinct gaps in the market: the need for more top-quality schools to cater for the growing population and the desire of the many investors to plough their funds into ventures that will help to secure the long-term success of the region. Taaleem was founded to fill these gaps.

Our Focus is first and foremost on education and students. The comprehensive and holistic approach we employ means that we place as much emphasis on the emotional, social, moral and physical development of our students as on the academic.

Our Purpose is to inspire young minds and help our students to identify and develop their passions and talents. To achieve this, Taaleem will provide children with the skills and knowledge to compete on a level playing field with students from the world's top schools.

Our Vision is to be the most respected provider of early childhood, primary and secondary education in the Gulf.

Our Mission is to inspire our students and staff to explore, identify and develop their passions and talents .

LEADING IB WORKSHOP PROVIDER

As one of the Middle East's leading IB Workshop providers, Taaleem, in cooperation with the IB, has offered International Baccalaureate IB teacher training workshops across all four of the IB programmes; Primary Years Programme (PYP), Middle Years Programme (MYP), Diploma Programme (DP) and Career-related Programme (CP) for almost 15 years.

Taaleem has been contracted as a preferred Professional Development provider since 2009 in the IBAEM region and offer three workshop events over each academic year. Typically our workshops have been offered physically but since the pandemic we also have a very successful virtual model.

Taaleem has an outstanding reputation in the region for offering exceptionally high-quality workshops and attracts participants from not only the UAE but also globally. Our workshop facilitators have been approved, selected and trained by the IB organisation. They are qualified IB educators or consultants with many years of IB experience in teaching, examining and IB administration.

Peter Taylor is an experienced educational leader with over 20 years in senior roles, including Vice Principal at one of the UK's top-performing schools and Executive Principal of a large academy trust, where he led a four-year programme of sustained improvement. He has supported leaders at all levels as a coach, NPQ facilitator, and assessor, sharing his expertise to help others develop. Guided by strong values, Peter ensures every decision positively impacts children's lives. He holds a master's in educational leadership and has completed NPQH and NPQEL, championing integrity, openness, and excellence in all aspects of school life.

Peter's vision for KCC is centred on three strategic pillars: celebrating UAE cultural heritage, achieving high academic standards, and fostering personal development through the IB Learner Profile. He is committed to creating a safe and happy environment where every child can thrive. Staff wellbeing is a priority, recognising that a supported, motivated team underpins a successful school.

Above all, Peter cultivates a culture of collaboration, excellence, and principled leadership, inspiring both students and staff to reach their full potential. His strategic vision is matched by hands-on experience, ensuring KCC meets its academic goals while developing adaptable, open-minded, and principled learners.

HEAD OF SECONDARY**
RAHA KCC

Teaching can in its best days offer incomparable opportunities to satisfy that most human of all needs: fulfilment. Over the course of Rob's career he has enjoyed the incredible privilege to draw back the curtain on the hinge points of History, the vaulting aspiration of political ideology and most recently the deeply transformative studies of Anthropology.

His experience would have been nothing without a deep and underlying passion to ignite a similar level of feeling and connected curiosity in those who shared his classroom. However, a desire to leverage broader impact and jump with both feet in to 'IB World' saw Rob take senior leadership positions at North London Collegiate, Charterhouse and Harrow Bangkok. In repeated rites of passage of growing complexity Rob learnt that if there was any one secret to developing a school's central purpose of teaching and learning it is invariably through its culture and the sense of shared mission and the institutional capital it inevitably inspires.

Relishing his recent appointment to Raha KCC, Rob is now settled in Abu Dhabi with his wife and Frankie, the French Bulldog. He is known to occasionally enjoy trips to the beach when there is a break in the cloud.

Anne Watkins is a devoted educator with a dedication to primary education, holding a Bachelor of Education from the Nelson Mandela Metropolitan University in South Africa.

With a passion for guiding young learners, she derives joy from witnessing their progress while cultivating an environment where students thrive academically and emotionally. As Head of Primary, Anne has a collaborative and supportive leadership style, inspiring teachers and fostering a culture of innovation and excellence.

Her commitment to creating impactful learning experiences aligns with her passion for the International Baccalaureate and equipping students with essential 21st-century skills. Anne's belief in the transformative power of education shapes her approach, encouraging both students and colleagues to embrace a lifelong love for learning

HEAD OF EARLY YEARS
RAHA KCC

Anna studied Child Development and Education at the Institute of Education in London and has worked in education for over 15 years. Beginning her career as a teacher, she went on to lead Early Years, Nursery, and Primary teams, shaping curriculum design and fostering positive, innovative learning environments.

Alongside her school leadership roles, Anna has worked as an education consultant, providing training and support to schools internationally to enhance teaching quality and develop play-based approaches to learning.

Her love of the IB stems from witnessing the curiosity and creativity that flourish within a child-centred, inquiry-led curriculum, and the powerful connections this approach creates within play-based learning environments.

TEACHER TESTIMONIALS

My wife and I were looking for a school that promoted great learning and teaching, inclusivity among staff and students, and a friendly and professional culture. RISKCC has absolutely met those requirements. We were also traveling with two young children, which meant we needed to be prepared for them. The team here were understanding of our situation and were able to let us know the extras that were necessary.

From the moment we first made contact with the school back in New Zealand, the pathway to being here and teaching in front of students was made very clear. The administration team were always there to help and provided clear and concise instructions. We knew the documentation that was required, when it needed to be in by and how we were heading along the journey.

It is a huge process, moving ones life overseas. The team here at RIS understand this and do their best to accommodate and assist where they can.

Darren Robinson – Homeroom Teacher

My experience has been very good. The traveling was smooth, my apartment is nice, I had support setting up bills, etc, school provided transport for the first few weeks, so I have been well supported. HR were also great when helping me with all of my paperwork before moving to the UAE.

Job Purpose:

In line with our KCC core commitment to open doors, our teachers will cultivate knowledge, courage, and connection to unlock the unique potential in all our students. They will strive towards our KCC vision of creating great leaders and learners who exceed expectations. We are a proud IB school and aim to develop inquiring, knowledgeable and caring global citizens who demonstrate intercultural understanding and respect.

Taaleem Professional Teachers' Standards

Teachers make the education of their students their first concern and are accountable for achieving the highest possible standards in work and conduct.

Key Accountabilities:

Planning and Preparation

- Teachers plan purposeful lessons that deliberately aim to support students in reaching clearly communicated, relevant and specific learning outcomes.
- Planned activities and learning sequences engage students' interest and are specifically designed to maximise learning and develop student self-efficacy.
- Teachers use a range of available qualitative and quantitative data to make decisions in their planning.

The Learning Environment and Opportunities

- Teachers establish a learning environment that caters to the learning needs of all students. Students can articulate what they are learning and why.
- Planning optimises the use of time, space, technology, and other adults in the room as appropriate to maximise learning potential.
- Meaningful global or cultural context is established to allow students to connect their learning to real-life issues.

Provision for Conceptual Understanding, Inquiry and the development of ATLs

- Lesson planning deliberately enables students to develop the IB Learner Profile and ATL skills.
- Planning deliberately provides students the opportunity to learn through posing questions, solving problems, interpreting information, and drawing conclusions
- Inquiry is focused on relevant, real-life, global contexts.

Lesson Delivery and Support of Learning

- Teachers plan for and differentiate to meet the needs of individuals and groups of students.
- Student engagement in learning is optimised by purposeful planning for individual choice, autonomy and value in what is being learned.

Assessment

- Teachers use assessment strategies during the lesson and have a clear understanding of where individual students started, where they finished and where they will need future support or extension.
- Students can clearly articulate their previous learning, what they are learning in the lesson and what their next steps in learning might be.
- Assessment data is formatively used for planning, and next steps are shared with students and parents.

JOB DESCRIPTION

Relationships, Interactions, Questioning and Dialogue

- Relationships in the classroom are highly positive and caring and encourage students to have voice and take risks with their learning.
- Teachers' interactions with students ensure that they are always active and engaged learners.
- Questioning is targeted, adaptive to individual student development, challenges students' thinking and promotes insightful responses.
- Dialogue between teachers and students and between the students themselves during collaboration promotes insightful discussions and reflection on learning in relation to the goals of the lesson.
- Teacher parent relationships are positive and work as a partnership to enhance outcomes for learners.
