Merchants' Academy - All Age Academy

Merchants' Academy provides a unique opportunity for students in Bristol to join a school from Reception through to the age of 18. In addition to those who progress into the Secondary from our own Primary, we welcome students every year from many primary schools across the city and whilst students from our primary have an understanding of our vision and ethos, the pastoral team work with all incoming students to ensure that there is a clarity for all with respect to both our expectations and our vision.

Samantha Williamson, Principal

At Merchant's Academy Primary we take very seriously the fact that our children only get one chance at an excellent education. We are incredibly ambitious for all our children and want them to be successful in their career both at primary and beyond. At the root of our success is the school's exceptionally caring and inclusive ethos and sheer determination to put pupils' happiness and safety first

Stuart Woodburn, Head of Primary

Preparation for adult life underpins our Academy aims and the well-developed culture which is established across all aspects and functions of the Academy. We are committed to the success of each of our students whatever stage they are at in their education and this is reflected through the Academy's values and commitment to:

This is demonstrated through constant reference to our BRISTOL Values of:

Boldness: Aim high, show courage and hope to push against any barriers

Respect: Be considerate and respect the rights of others

Integrity: If it's not right, do not do it. If it's not true, don't say it

Service: We have a responsibility to the future and each other

Tenacity: Tough times don't last, strong people do

Optimism: No pessimist discovered the secret of the stars or uncharted land

Learning: A commitment to lifelong development unlocks your full potential

Merchants' Academy - Primary

Merchants' Academy Primary consists of approximately 330 children who we take from Nursery to Year 6. There are three areas which include the Early Years Foundation stage, Key Stage one and Key Stage two. There is a two form entry from Nursery to Y4 and then one form entry in Y5 and Y6. Our primary team is enthusiastic, exciting and eager to develop new ideas.

We follow Maths Mastery, in maths, which is a national programme that comes from London. It is built upon the Shanghai and Singapore principles where students are encouraged to use concrete manipulatives to solve equations before moving to the pictorial representation of an equation and finally to the written equation. The programme uses specific vocabulary and students are encouraged to speak in full sentence. There is a six part lesson, which includes a talk task and a written task as well as very prescriptive transitions between working at the floor and then to tables. This has been extremely successful for us and the programme is now being picked up by other schools locally and within the trust. There is also a maths meeting lesson which consists of repetition of basic skills for 15 minutes per day. All teaching staff have had national training for this programme.

In Literacy we follow the Read Write Inc. programme for phonics and students are taught in 13 different small groups run by teachers and TAs. When students finish this scheme, they move to the Literacy and Language programme which we adapt with aspects of Talk for Writing. Spelling and grammar also take a major part in our teaching and there are SPAG meetings outside of the literacy lesson, similar to the Maths Meeting.

Our afternoon curriculum consists of topic based learning with the foundation subjects as well as sport, music, and intervention groups. We are currently adapting and improving our wider curriculum so pupils have access to lessons which are relevant and aspirational.

We like to enrich the curriculum with special events and writing weeks. We have a science week and an art week built in each year. As well as this we like taking part in special events like Book day, Anti-Bullying Week and other charity events. We have super trips where the children visit places of interest related to their topic and trips this year have included Kidzania in London, The Wondercrump Roald Dahl Exhibition in Cardiff, Chocolate World in Birmingham, a visit to Matilda the production (London), the Bristol Aquarium and Folly Farm.

We have all sorts of clubs that take learning even further; the kind of clubs that a pupil can expect to experience are sports clubs, dance, Bikeability, ukuleles, Lego club, art club, mindfulness and an out and about group as well as lots of other groups that change from term to term. Our aim is for our students to experience what a child might experience in any other area of the city.

Living in Bristol

Merchants' Academy is on the southern fringe of Bristol very close to the open fields of Bath and North Somerset and easy travelling distance from the city, country villages and further afield. Academy staff have an enviable choice of places to live within a city and region that is viewed as one of the areas with the highest quality of living in the UK.

Bristol itself is a beautiful, vibrant and fashionable city. Its harbour, which weaves its way through the heart of the city is lined with restaurants, clubs and bars, museums, arts, science and media centres. The narrow winding streets, radiating from the water's edge, reveal elegant parks and squares and stunning architecture. Recently the city celebrated Brunel 200, the 200th anniversary of the birth of Isambard Kingdom Brunel, one of the most inspirational engineers of the 19th century and the person responsible for some of the great icons of Bristol's industrial heritage. Bristol is the 8th largest city in the United Kingdom with a population of over 400,000. Built on the confluence of the Rivers Avon and Frome, it has been in existence from well before the time of the Romans.

Bristol grew to be one of the most important cities in England during the Middle Ages as a result of its port and in 1497 the brothers Sebastian and John Cabot, sponsored by the Merchant Venturers, sailed from the docks to mainland America, landing in Newfoundland. A working replica of their ship, The Matthew, can be seen in the harbour today. Bristol is the largest city in the South West and the region's leading centre for business, culture and education. It has been the subject of a massive programme of investment and regeneration that has had a major impact on its retail, leisure and business facilities. The city has a long tradition of trade and engineering, and is also home to many of the newer financial services and creative and media industries. It is also close to some of the most beautiful countryside and coastal areas.
