

King's College

DOHA

Information pack for the position of

Head of Mathematics

Appointment for August 2018

King's College Doha

King's College Doha offers the international community of Qatar an outstanding UK-style independent-school education in some of the best facilities that the region has to offer. After a hugely successful opening in September 2016, we are quickly establishing ourselves as the best Prep School in the country.

The partnership with our UK parent school, King's College Taunton, is a great source of strength. Significant collaboration in areas such as ethos, curriculum planning and school policies ensures that we maintain the highest international standards. Through the strength of our partnership, both children and teachers in Doha benefit from the expertise and reputation King's College UK has built over the past century and a half.

King's College Doha provides:

- a premium, diverse British curriculum in an international context
- academic excellence for all
- outstanding pastoral care and opportunities for personal development
- a broad range of co-curricular activities as part of a fulfilling school day

We combine an academic focus with a broad co-curriculum, offering all our pupils an extended and fulfilling day. Underpinning our curriculum is the value we attach to pastoral care. We understand that children fulfil their potential when they feel happy, supported and at ease in their surroundings. All members of staff, therefore, work hard to build a strong sense of community and promote supportive relationships, ensuring that children know that they always have a peer or an adult to whom they can talk.

King's College Doha currently caters for 400 children, aged 3 to 10 (Year 5). We open a Year 6 for the first time in 2018/19, and expect that that the number of children will increase to just over 500. Eventually the School will offer education through to Year 13. The structure will mirror that of King's in the UK.

Pre-Prep	EY1 (Pre-School) – Year 2
Prep	Year 3 – Year 8
Senior School	Year 9 – Year 13

The School is conveniently located in the district of Al Thumama, making it easily accessible from most parts of Doha, about a twenty-minute drive from the City centre. Our impressive campus houses some of the finest kindergarten and primary school facilities in Qatar. These include a dedicated library, a central atrium, Science labs, an Art and Design Centre, Music and Drama classrooms and practice rooms, a Mac Lab, a sports hall, a brand-new outdoor 25-metre pool with learner area, and outdoor games courts. We are now BSME accredited and, according to the Ministry Of Education, we are already rated among the most outstanding primary schools in Doha after only four terms of operation.

Our Founding School – King’s College, Taunton

King’s College in the UK is a co-educational independent school in Taunton, the bustling county capital of Somerset in the South-West of England. The School’s history can be traced back as far as 1522. The current campus was established in 1880 to educate 750 boarding and day pupils between the ages of 3 and 18.

The College prides itself on being an outstanding educational establishment with a busy and purposeful school community. Children enjoy a challenging, holistic education in a progressive and stimulating environment. They benefit from first-class teaching facilities as well as from outstanding facilities for sports, music, arts and outdoor education. Children emerge from King’s as well-qualified learners who are able to progress through to the best British universities and become well-rounded, balanced individuals.

Our connection with King’s College UK permeates the School at every level from governance and management to classroom practice, co-curricular vision and the staff appointment process.

Our Founding Head – Nicholas Gunn

Nicholas has over twenty-five years of experience as a teacher and an educational leader in both International and UK schools. As a result, he brings a wealth of experience to King's Doha as a Head, a Board of Trustees Member and a Chair of Accreditation. He has a degree in Surveying, a Post Graduate Certificate of Education and a UK National Professional Qualification for Headship.

Our Founding Head had a clear vision for King's Doha from the very start.

“Our aim is to provide an inspirational experience that prepares children for the next stage in their life within a happy, safe and nurturing environment. Of equal importance to the daily curriculum is our focus on developing well-rounded children. King's fosters an inspiring and caring environment, where every child is encouraged to fulfil his or her potential, whether in academia, music, sport or the arts.”

Nicholas is well supported by a dynamic and passionate team. Our teachers enjoy participating in every aspect of school life, and understand the expectations and commitments that come with working in a young, ambitious school. In only a short time they have created a strong and supportive community, which helps to make King's College Doha a fun and fulfilling place to work.

Living In Qatar

Surrounded by clear, shallow waters on three coasts, Qatar is one of the smallest Arab states in the Gulf region. Despite this, it has a big heart, huge ambitions, and a reputation for hospitality that reaches far beyond its borders.

Qatar has seen rapid growth and development over the last two decades. Helped by its rich oil and gas reserves, Qatar now has one of the world's highest GDP per capita incomes. Much of the country's progress has been centred on Doha, and there are few signs of this slowing. Lonely Planet articulates the sense of the excitement and energy currently felt in Doha.

“Whether it’s the stunning and constantly changing skyline or the massive investment the Qatari authorities are making in landmark cultural icons, this is a city oozing confidence and style, as at ease in its modern shopping malls as in its traditional souqs. Wander the reinvented and fabulously atmospheric Souq Waqif, wonder at the sheer beauty of the world-class Museum of Islamic Art and its exhibits or head out to Katara to explore – wherever you look, Doha is threatening to eclipse Dubai as the Gulf’s most dynamic city. Throw in a new Metro system in the making and the 2022 FIFA World Cup on the horizon, and the chances are that things are only going to get better.”

Doha has a significant expatriate population, drawn to the City for several reasons:

- Its growing status as a regional economic and industrial centre means there are a range of well-paid job opportunities in various sectors such as healthcare, education, financial service, engineering, and hospitality.
- It is complete with all the conveniences and luxuries you would expect to find in a developed western city: international restaurants, luxury shopping malls, coffee shops, well known supermarkets, an efficient health system, five-star hotels, to name but a few.
- Despite being a modern city, Doha retains many traditional elements, and, through its world-famous museums and cultural centres, is a regional hub for art and music.
- Doha has much to offer for those interested in playing sports and partaking in outdoor pursuits. The beautiful waters of the Persian Gulf offer excellent water sports opportunities and the surrounding desert provide great conditions for pursuits such as dune bugging and quad biking. Furthermore, Doha has invested in several outstanding green park spaces and has some of the finest sports facilities in the world.
- Doha is also a regular venue for professional sporting events. Amongst others, it currently hosts international competitions in tennis, athletics, cycling and squash, attracting leading athletes in all cases. Its reputation as a sporting hub will only be enhanced by the football world cup in 2022.

There is then the rest of the world... Doha's location makes it an amazing point from which to travel the world during the holidays. Incredible destinations in Asia, Africa, Europe and the Middle East are only a short flight away. With Qatar Airways flying direct to so many different cities, Doha is truly an excellent staging post.

Appointment Details

The Head of Mathematics at King's College, Doha will work closely with the Senior Leadership Team in providing a high quality of Mathematics Teaching & Learning at the School. We are seeking an individual who can articulate and develop the vision and ethos of King's College, helping to inspire and empower staff, children and parents within the whole community of the School.

Role and Responsibilities

Teaching and Learning

- to foster a passion for Mathematics, an excellent work ethic, and a culture of high expectations in which both staff and students fulfil their potential
- to oversee curriculum development, lesson planning and schemes of work for the Mathematics Department
- to monitor and evaluate curriculum provision, liaising with other Heads of Department, where appropriate, to implement action plans
- to ensure a personalised approach to learning is adopted and a variety of learning models and groupings are used by Mathematics teachers
- to liaise with the Learning Support Department regarding the development and collation of Individual Education Plans
- to have a thorough understanding of the purpose and aims of KCD's overall curriculum, and ensure this is communicated effectively
- to ensure that Mathematics Teaching & Learning are appropriately aligned with the School's value added measures
- to ensure that technology is used effectively to support learning
- to ensure a consistent and high quality approach to assessment and reporting of Mathematics throughout the School
- to create and update curriculum handbooks and policy documents
- to participate fully in the co-curricular and school activity programme
- to set high expectations which inspire, motivate and challenge children
- to have the highest aspirations for all our children's development and achievements, both in and out of the classroom

Contact with Children

- to be an outstanding practitioner as a Mathematics teacher, setting the standards for other teachers in the Department
- when teaching
 - to create an effective, challenging learning environment for all
 - to provide appropriate and timely feedback on work
 - to acknowledge each child's improvement and effort
 - to encourage and monitor the progress of individual children
- to lead and participate in school activities outside the classroom, helping to deliver a broad co-curriculum and build a strong sense of community
- to offer excellent pastoral care for all children
- to establish a rapport which enhances learning
- to value the home-school partnership, working closely with other members of staff to establish and manage good relationships with parents as partners in their children's learning.

Communication and Co-operation

- to develop a collaborative and supportive culture amongst colleagues in the Mathematics Department in which information, ideas and resources are easily shared
- to ensure that Mathematics classrooms are an attractive orderly place where equipment and resources are well managed
- to identify opportunities for staff CPD and to ensure that a strong professional development framework is in place
- to assist the Senior Leadership Team in developing the strategic vision for the School
- to participate in leadership, department and parent meetings
- to support the School's image and profile in the community
- to attend meetings and to undertake other school duties as reasonably requested by the Head

Person Specification

Experience and Knowledge

- Excellent working knowledge of the UK National Curriculum (required)
- High levels of subject knowledge (required)
- At least five years of relevant teaching experience (desirable)
- Experience of working with children who have English as a Second Language (desirable)
- Experience of working in the independent sector (desirable)

Qualifications

- A good degree from an established university
- PGCE or QTS

Personal Qualities

- Emerging leadership qualities, with ability to command respect from students, staff and parents alike
- Excellent administrative and organisational abilities
- Good communication skills
- Ability to understand the needs, challenges and opportunities of an international school community
- Ability to stretch the most able, whilst also ensuring the curriculum is accessible to all
- Ability to inspire children with a love of learning
- Willingness to contribute to all aspects of school life
- Strong personal-relations and team-working skills
- Energy, charisma and dynamism with the vision and drive to create productive learning environments and excellent outcomes for all children
- Rigorous can-do attitude, positive team player with a sense of humour

Remuneration

The successful candidate will receive excellent salary package and benefits commensurate with their experience. This will include

- An excellent tax-free salary
- Accommodation (if recruited from overseas)
- Start and end of contract flights
- Medical insurance
- Annual flight allowance
- 100% tuition fee concession for up to two children
- An end of contract gratuity

How to Apply

Please complete all sections of the application form, including the supporting statement. In this statement please ensure you set out your interest in this position, clearly illustrate how you meet the requirements of the role and your ambitions for King's College Doha.
