Range High School

English Department

The English Department at Range High School is a team of dedicated professionals who pride themselves on providing a challenging and engaging experience for all pupils.

We are committed to ensuring the highest standards for pupils and staff and to maintaining excellent results at all key stages. We aim to offer a wide and varied curriculum, with pathways designed to meet the specific needs of individual pupils.

The English Department suite boasts fully-equipped, airy and spacious classrooms and ICT provision is excellent. We feel that sharing good practice is a great strength of our successful department and that we play a leading role in teaching and learning, assessment and intervention.

We offer EDUQAS GCSE English Language and English Literature and the EDUQAS A-Level Combined English Language and Literature.

Enrichment is at the heart of the English experience and we provide varied opportunities to enhance the learning of our pupils across all key stages. A thriving Culture Club organises theatre trips and we attend lecture series at local universities. Younger pupils participate in 'Super Reads', attend regular reading club and compete in poetry and prose competitions.
