

Fairley House School

iMedia and Computing Teacher with Subject Lead KS3 and 4

Vacancy Information

London's leading day school for children with specific learning difficulties

and all of a sudden nothing is impossible....

Background of Fairley House

The school is located in central London on two sites. The senior department (Years 7 to 11) is based in Westminster and the junior department (Years 3 to 6) is based in Lambeth. It is approximately 10-15 minutes' walk between the two sites.

The school was established in 1982 by Daphne Hamilton-Fairley whose husband was killed by an IRA bomb in 1975. Mrs Hamilton-Fairley was a speech and language therapist who had been providing therapy for dyslexic children at home. As a parent with four children of whom two were dyslexic, she knew how poor provision was for dyslexia in London and in the UK generally. She resolved to set up a school for dyslexic children as a memorial to her husband, hence the name Fairley House. She aimed to combine a medical focus: speech and language therapy and occupational therapy, then mainly delivered in hospital clinics, with education. In this respect she was a pioneer and although provision of therapy within school is now commonplace, we stay true to her vision by pushing forward the boundaries of integrating therapy and education.

Currently the school is thriving with around 210 pupils. In response to demand and to enable our 10-year Strategy Plan we aim to provide help for more children and families affected by specific learning difficulties, through offering Assessment, Training and Research into effective teaching methods. The school is a charity and is run by a Board of Governors.

Distinctive features of the school and its governing structure.

We are registered with the DCSF as an independent special school for specific learning difficulties. We have children from a range of socio-economic backgrounds and from a wide geographical area (central and greater London but children have come from as far away as Cambridge or the Isle of Wight, remarkable for a school that offers no boarding!) The majority of pupils are private placements and parents manage to afford the fees which are high due to the favourable staff: pupil ratio and expertise available. 58% of children have an Education, Health and Care Plan, the vast majority paid for by local authorities (LAs) with some coming from the poorest London boroughs. It is a tribute to our children that this diversity is embraced, and friendships are forged by children from very different backgrounds and circumstances. Children do not arrive in Year 1 and stay until Year 9 because the aim is to provide intensive help for their difficulties and return them to mainstream schooling as and when is appropriate.

Why work at Fairley House School.

Comments from current staff

“What I love most about working at FHS is the team approach to helping our pupils. I believe that this holistic approach of looking at the whole child is what makes us so successful at achieving our ultimate aim, which is to get them back into mainstream schooling, equipped with all the strategies they need to flourish. I find it very insightful to work with a child across different contexts (such as within a speech and language therapy session, a Writing lesson, a Reading lesson or within lunchtime clubs) and this is what enables me, as a speech and language therapist, to be able to ensure that the skills that I am working on are functional to the child within all of their lessons, throughout the school day. I love working collaboratively with the very talented and creative teachers here to plan and co-teach lessons together, where we are both working towards the same common goals.

The children here are also inspirational. Often, they have had very difficult experiences of education prior to coming here, where learning has been such a challenge and they sometimes have a very low opinion of themselves. However, they are very brave and resilient and willing to give learning another go, and it is amazing to see them succeed and recognise their achievements for themselves. We quickly see their self-esteem soar as they realise what they are capable of, and this gives them the confidence to take more risks with their learning”.

Alex

“I was on my way home from a parents evening and was yet again reminded how fortunate I am to be working at Fairley House. After a particularly emotional meeting, I left close to tears when a mother described how much her daughter had flourished since being at the school. On a daily basis I know that I am contributing to unlocking the potential of children who previously have seen themselves as a failure. I work alongside a fantastic team and together I know we make such a difference to our students and their families, giving them a safe haven in which they can achieve their potential”.
