Background Information

Hinchley Wood School has a well-established reputation within the area for providing high quality education and excellent public examination results. This success is based on an approach which combines high expectations with sensitivity to students' individual needs.

In September 2011 Ofsted judged the school to be outstanding, highlighting the excellent progress all groups of students make as a key strength:

***“Hinchley Wood is an outstanding school – the students work exceptionally well together in this harmonious and cohesive community, and achieve outstanding outcomes.”
(Ofsted, September 2011)***

In Summer 2018, 93% of pupils achieved 5 or more A* - C 4+ grades at GCSE level and 92% achieved 5 or more A* - C grades including Grade 4+ in the new English & Maths exams (equivalent to an old C Grade). This is an excellent result and a new school record. At A Level, our students achieved 100% pass rate with 66% of students achieving A* - B grades and 90% achieving A* - C. The majority of our leavers have gone onto higher education.

Well qualified and experienced staff work together to make this school a successful and happy community. We offer a rich, varied and stimulating curriculum as well as high class purpose built accommodation.

Particular importance is placed on recognising and rewarding individual achievement. Students are actively encouraged to participate in a wide range of artistic and sporting activities; many gain recognition at local and national level for their achievements. We have an enthusiastic and effective school council, a very active school sustainability group and a long-standing and popular tradition of student involvement in charity and community work.

We were one of the first schools in the country to be designated a Music College and to set up an education trust for the benefit of students. Trustees include representatives from local and international businesses, a university, a national charity and a local arts charity to help develop the creative potential of all students. In February 2012 the school acquired academy status. All of these initiatives have enabled us to offer a much wider range of learning opportunities to students.

Our effectiveness is dependent on developing good relationships with students and parents; the respect shown between staff and students is regarded as a particular strength of the school.

***“There is a highly positive ethos of behaviour for learning and achievement”
(Ofsted, September 2011)***
