Dear potential colleague

Thank you for your interest in joining our team at North Halifax Grammar School (NHGS).

Our students and staff regularly describe NHGS as having a 'family feel' and we do believe it is an inclusive, safe and happy place in which to learn, live and work.

We place the wellbeing of all members of our community at the forefront of everything we do. I hope that you will read our Vision statement and Ethos statement and find that the values we live by daily chime with you too. If they do, we could be a good match for one another!

The Mathematics department is a successful thriving department that is well respected at NHGS. The department provides professional and fully inclusive support to students who achieve to the highest standard. Our students also regularly enjoy successes out of the classroom when displaying their mathematical abilities.

The Mathematics department is passionate about the success of our students and working with NHGS colleagues to achieve this.

I do hope that you decide to apply for the position of Teacher of Mathematics at NHGS, but if you are still in any doubt, please get in touch.

Whether you have any questions regarding the post of Teacher of Mathematics, would like to arrange to visit the school or simply want to know more about what it is like to be part of NHGS, please do not hesitate to contact our Personnel Officer, Katie Morris on 01422 244625 or by email at recruitment@nhgs.co.uk

I look forward to receiving your application and to potentially meeting with you to discuss it further.

Andrew Fisher
Principal
