- Both Morning Breaks and Lunch take place at separate times for the different phases to reduce crowding in the MPH, Astroturf and sports pitches.
- After-School Activities are offered to pupils from Grade One and above each term outside Ramadan, ending at 15:30. At this time, all students should have left the School. If a student does not take part in an after-school activity on any given day, he or she should depart the School at 14:30.
