OUR SCHOOL

Wallington High School for Girls (WHSG) is a selective academy for approximately 1550 girls aged between 11 and 18. The school first opened in 1888 and moved to its present site in 1965. The school is heavily over-subscribed with more than 2000 applications each year for the 210 places in Year 7. Our Sixth Form has expanded over recent years and although our retention rate is very high, many external students also apply and gain places into our Sixth Form. We are a multicultural community with an increasing percentage of minority ethnic groups. Over 47 different first languages are spoken and this brings a rich diversity to our school.

Our students achieve at the highest level academically. In 2024, 81% of our GCSE entries were awarded 9/7 grades. At A level, 56% of our entries were awarded A*/A grades. The vast majority of our students move from WHSG into higher education. Thirteen students gained places at Oxford or Cambridge in 2024, with over 65% gaining places at Russell Group universities or medical schools and 85% achieving their first or second choice university. Our students are highly able, motivated and a delight to teach. Students enjoy positive and co-operative relationships with staff and it is very rare if an external visitor to the school does not comment on the high calibre of the students.

We are particularly proud of our strong pastoral system and girls enjoy a comprehensive programme of PSHCE throughout their time at school. This is taught by form tutors and ensures that strong relationships can be built and maintained. Form tutors remain with their group from Year 7-11 or in 12 and 13 and this further fosters this relationship. We encourage our students to be active and responsible citizens through a variety of charitable and community activities. The school operates a very successful House system, led by student House Leaders, which encourages integration between the year groups and provides leadership opportunities for students. Similarly, a strong Head Girl and Senior Prefect team and School Council ensure that the student body has a voice within the school and that younger students are supported. We have an extensive student mentoring and tutor programmes and many of our KS5 students help local primary schools with a range of outreach activities.

Outside of the classroom we are fortunate in having staff who provide a wide range of extra-curricular opportunities for students, which is central to our ethos. Sport plays an important part in the life of the school and we are successful at national and regional level in a number of sports including. Similarly, we have many opportunities for students to showcase and develop their talents in Music, Dance, Drama and the Arts, including an annual school production and gym and dance showcase. We enjoy a successful Combined Cadet Force (CCF) partnership with Wilson's School, involving over 50 of our students and an equally successful Duke of Edinburgh scheme, involving 250 students. Our commitment to this ethos is reflected in our curriculum provision where a number of enrichment days are set aside, the timetable suspended, and students take part in a number of activities and events that allow them to develop and prepare for life beyond the school.

The Sixth Form

We are proud of our thriving and ever growing Sixth Form that has an excellent academic reputation and provides first class guidance and support so that students enjoy a positive and successful post-16 experience and leave us well prepared for life beyond school.

With over 500 students in the Sixth Form, we offer an extensive choice of A Levels taught in excellent facilities by subject experts. 78% of our students chose to stay with us for Sixth Form in 2024 and we also warmly welcome a large number of external applicants who meet our entry requirements.

In addition to A Levels, all students in Year 12 will take an elective intended to develop their communication skills and build their cultural capital. There are a number of options available, including the Extended Project Qualification which develops skills of analysis and independent research, vital for success in undergraduate study. Students follow a wellbeing programme, including PSHCE and Physical Education provisions.

WHSG Sixth Formers continue their education at some of the most prestigious universities in Britain and abroad. To support our students in achieving this, we run an extensive Higher Education programme that includes Oxbridge preparation as well as clear guidance on 'informed choices', Russell Group Universities and the UCAS process as well information about other pathways they may suit some of our students

However, our Sixth Form is about so much more than excellence in academia and we offer a wealth of leadership and extra-curricular opportunities. The Prefect team are an integral and highly valued part of the Sixth Form. Lead by our two Head Girls they are a dynamic team who coordinate a large amount of activities giving them brilliant leadership opportunities. In addition, Our Sports Leaders run clubs and undertake outreach work with local primary schools. Furthermore, it is Sixth Form students who run some of our most successful clubs and societies, including those that build upon our inclusive commitment to school life. All lower sixth students are actively involved in our local community as part of our volunteering programme, this includes working in charity shops, visiting nursing homes and working in local primary schools.

Curriculum

We run a three-year KS3, although students begin their GCSE courses in Science in Year 9 allowing them all to do three separate sciences at GCSE. Our KS3 students, study two modern foreign languages alongside the other national curriculum subjects. At KS4, students study ten GCSEs, including a Language and a Humanities subject, plus two wider choices. In the Sixth Form most students study three A Levels, with the most able being given the opportunity to study four. This is supplemented with the range of opportunities detailed above.

OUR TRUST

What is the Girls' Learning Trust?

The Girls' Learning Trust is the UK's largest all-girls, all-state-funded multi-academy trust, currently comprising three high-performing schools:

- Nonsuch High School for Girls
- Wallington High School for Girls
- Carshalton High School for Girls

Together, these schools educate more than 4,500 students and employ nearly 500 staff. The Trust has a combined annual income of over £30 million and a strong reputation for academic achievement, leadership development, and inclusive practice.

What is our purpose and education mission?

Our purpose is transforming lives through girls' education.

For **students**, we help them achieve their full potential by creating an inclusive, supportive and aspirational learning environment. We equip them with the knowledge, skills, and confidence to thrive in school and in life, preparing them for their future.

For **staff**, we create a positive working environment where they are valued, supported, and motivated. We offer opportunities for development and career growth, encouraging collaboration and enabling everyone to contribute to the success of our students and the whole Trust.

For **schools**, we support and assure their education development with the freedom and autonomy to define their own values and priorities, respecting their individual character and unique identities. We promote collaboration across the Trust, enabling sharing of resources, exchanging ideas, and driving continuous improvement.

For **society**, we forge strong partnerships with parents, local groups, and other stakeholders to enrich our schools and students' educational experiences. We actively engage with the community to create a positive impact and foster a sense of civic responsibility in our students, staff and volunteers.

Our Education Mission is to empower girls to thrive through a holistic, rigorous and transformative education that nurtures their intellectual, emotional, and personal growth.

We believe in the limitless potential of our students. All our schools are empowered to develop their own education vision that reflects their local context and needs of their students. But this is underpinned by a shared belief in:

1. The transformative power of girls-only education
2. The holistic measurement of success based on the whole student
3. The prioritisation of student wellbeing and character development
4. The promotion of girls' leadership rooted in strong values
5. The value of equity, diversity and inclusion

How is a MAT different from a local authority school?

Academies within a Multi-Academy Trust (MAT) operate independently of local authorities. Unlike maintained schools, which are overseen by a local council and receive funding through the local authority, MATs receive their funding directly from the Department for Education (DfE). This gives MATs more freedom and flexibility in areas such as curriculum design, staff pay and conditions, and resource management - but it also comes with increased responsibility and accountability to central government.

In a MAT, the Trust Board and CEO are legally responsible for every aspect of the organisation's performance, including finance, compliance, governance, safeguarding, and school improvement. Local authorities no longer have any role in school oversight or intervention.

At the Girls' Learning Trust, this autonomy enables the Trust to implement its own Strategy and Operating Model, which aligns leadership, curriculum priorities, and educational assurance across all three schools. For example, the Trust sets its own policies for staffing, admissions coordination, educational development, and financial planning—while still complying with national statutory requirements. This enables the Trust to act more decisively and innovatively than would be possible under a local authority model, while remaining firmly committed to its mission of transforming lives through girls' education.

What is the history of the Girls' Learning Trust?

In 2015, Nonsuch High School for Girls formed a multi-academy trust with Wallington High School for Girls, the Nonsuch & Wallington Education Trust. In 2018, the company became the Girls' Learning Trust (GLT) and later that year Carshalton High School for Girls joined.

Our schools share many characteristics and are held in high regard by the local community. They are high performing and deliver a broad, balanced and challenging curriculum setting high expectations. Students benefit from being taught by well-qualified, dedicated and committed staff who are experts in girls' education. The Trust benefits from the expertise within an executive support staff team that provides shared services for schools, including Finance, Estates, IT, Procurement, Capital Development Projects, HR, Governance, Audit and Risk. This core team of professionals ensure consistent methods of operation, strong quality assurance and best value across the Trust.

Relationships in the Trust, between staff and students or between colleagues, are built on mutual trust and respect. These relationships drive school improvement and contribute to the wellbeing of everyone. Visitors often comment on the high levels of motivation and positive behaviour of the students, the commitment and professionalism of the staff and the well-equipped school buildings. Strong academic performance is complemented by highly effective pastoral care. We believe in offering a broad experience that goes well beyond the academic, and girls are encouraged to develop their confidence, independence and resilience across a wide range of enrichment and extra-curricular activities.

What makes the Girls' Learning Trust special?

While we work across the Trust to support school performance and ensure value for public money, we believe in allowing our schools autonomy in developing approaches to pedagogy and the curriculum that will deliver the very best outcomes for their students. Nevertheless, our shared commitments and the many opportunities we have for collaboration across our schools mean that we learn lots from each other and that we remain outward-focussed.

What is it like working at the Girls' Learning Trust?

Being part of the Trust means that no school works in isolation. We are stronger together—not by erasing difference, but by celebrating it in a community where excellence, equity, and empowerment are shared aims.

Staff are supported to thrive through high-quality development, cross-Trust networks, and streamlined operations that reduce workload and stress.

- Access to professional development pathways, from early career to senior leadership, aligned with a Trust-wide framework that supports progression.
- Collaboration with expert colleagues in girls' education, through forums, networks, and school-to-school support that promote both excellence and innovation.
- Staff voice embedded in strategy, with regular consultation and survey data used to inform Trust planning and improvement.
- Workload reduction and greater wellbeing, through high-quality shared services in HR, IT, finance, governance, and estates.
- Job security and career mobility within a growing, values-led Trust, enabling staff to thrive professionally without losing connection to their school's identity.

Our commitments to you

To support the achievement of our education mission, we recognise that our strength lies in the talent and dedication of our staff and we will prioritise recruitment and retention strategies that attract high performing people who align with our shared ethos and reflect the communities we serve. Professional growth and personal wellbeing are central to our approach. We will provide continuous learning and development opportunities that will help staff thrive and progress their careers. We will uphold a culture that promotes kindness, collaboration and recognition, ensuring an open, safe, supportive and inclusive environment where all individuals feel heard, valued and are empowered to contribute to our mission.

Our commitments to each other

We know that our people are our strength and deserve the highest standards. We want everyone working within our community, whether as a volunteer, contractor or member of staff, to feel valued, supported and part of a cohesive team, working in a safe environment with the resources they need to thrive. To support this aim, it is vitally important that our core commitments of integrity, collaboration and reflection are shared. These commitments should act as our reference point; they should unite and orientate us, helping us hold ourselves and each other to account.

We will act with **integrity**. It is our anchor value and ensures that we act with kindness, we maintain fairness and we are positive role models. In our interactions we will:

- Consider what we do and what we say, ensuring kindness, honesty and understanding.
- Be consistent, respectful and fair in our approach.
- Do the right thing even when it might be difficult.
- Maintain accountability, owning mistakes, understanding that working to resolve them is an essential component of long-term success.

We will be **collaborative** in our working style, looking towards cooperation and codesign where beneficial, and involving those affected by decisions in the development of solutions. In our interactions we will:

- Listen to and support each other, encouraging diverse perspectives or beliefs and providing opportunities for others to feed into work at an early stage.
- Share ideas, knowledge and learning, to help us understand and develop together.
- Encourage active participation from others in decision-making or problem-solving processes, seeking solutions that work for everyone where possible.
- Be unafraid to ask for help or support and be willing to provide the same to others.

We will take time to be **reflective**, understanding that better-decisions will be made, and better work will be produced, when we give ourselves the space to learn and develop. In our interactions we will:

- Have the courage to welcome constructive feedback from others to help us better understand.
- Provide time to reflect on our activities and ask ourselves the question, can we do it differently?
- Foster a thoughtful approach to our work, being open to learning, adapting and sharing.
- Allow others the time and space to reflect, understanding that we are all individuals with differing working styles and needs.

Additionally, we require all leaders working across the Trust to demonstrate and role model **positivity** in attitudes to day-to-day challenges and support others to do the same. As leaders in our interactions we will:

- Adopt a balanced perspective, framing setbacks as temporary and focusing on longer term goals and the bigger picture.
- Approach challenges with optimism and renewed energy.
- Exhibit a 'can do' attitude, engendering a positive mindset in others.
- Be forward thinking, pragmatic and solution focused.

Our commitment to Equity, Diversity and Inclusion

At the Girls' Learning Trust (GLT), Equity, Diversity and Inclusion (EDI) is not an optional add-on or a standalone policy area—it is a fundamental thread running through the Trust's purpose, education mission, and all five strategic priorities. Our commitment is clear: we will transform lives through girls' education by ensuring that every student and member of staff can thrive, regardless of background or identity.

The strategy embeds EDI in the following ways:

- **Strategic Integration:** EDI is interwoven across all five strategic priorities, from achieving strong outcomes and developing inclusive school cultures, to building empowered leadership and securing long-term organisational sustainability. This means EDI is considered in all key decisions, not treated as a separate initiative.
- **Data-Driven Accountability:** The Trust tracks outcomes across a wide range of characteristics—including economic disadvantage, SEND status, ethnicity, and gender identity—using this analysis to identify gaps and inform action. These insights feed into each school's development plan and the Trust's annual KPI framework, which explicitly references equity-related metrics.
- **Statutory Compliance and Beyond:** All schools are required to publish clear and measurable Equality Objectives under the Trust's Public Sector Equality Duty, but the Trust's ambition goes further. Schools are expected to engage in regular reflection on inclusion and equity, supported by central tools and challenge processes.
- **Training and Capacity Building:** The Trust provides training for leaders, teachers, governors, and central staff on issues such as unconscious bias, inclusive language, and structural disadvantage. This professional learning is built into the Operating Model and offered through Trust-wide CPD and leadership programmes.
- **Inclusive Practice and Representation:** Schools are supported to ensure that curriculum materials, displays, assemblies, and communications reflect the diversity of the communities we serve. Representation matters—students should see themselves in the content they learn, the staff who support them, and the values that underpin their school.
- **Local Reflection and Ownership:** While the strategy sets a Trust-wide direction, each school is empowered to reflect on and address its own inclusion gaps. This is supported by tools such as EDI self-assessments, consultation models, and community engagement frameworks—ensuring that inclusion work is both consistent and context-sensitive.

Results are excellent, with students consistently achieving grades 7-9. During the first year of the course, students attend two day trips to cover the compulsory fieldwork element of the new GCSE.
