

Head Teacher's Welcome Message

Welcome to Collège Français Bilingue de Londres. Sitting in the heart of London in a completely renovated Grade II listed Victorian building, CFBL celebrates its fifth anniversary this year.

Part of the Global Agence pour l'Enseignement Français à l'Etranger (AEFE) network, CFBL's mission is to promote excellence by simultaneously offering a bilingual and bicultural education through the programs defined by the French Ministry of Education, and implemented by an international academic team.

Thanks to its favourable size, architecture and layout, CFBL provides its pupils a warm and stimulating environment favourable to the blooming and self-fulfilment of each and every one.

Surrounded by excellent teaching and 'vie scolaire' teams, our pupils study in a secure and safe atmosphere, and discover the joy of learning in a spirit of respect and trust based on listening and on constant dialogue.

In a unique and multicultural environment, and with an outlook on the world beyond, our pupils are encouraged to share, to create, and to take chances. In addition to academic knowledge, they acquire essential human and social qualities which will guide them during their continuing school and university careers.

I am particularly proud of the excellent reputation that CFBL has acquired since its creation in September 2011, and I wish to particularly thank all of my colleagues, past and present, without whom none of this would have been possible.

François-Xavier Gabet
